Wallaceites Block Traffic, 6 Arrested

Hearings Set For Nov. 3

Post Bonds In City Court

Six Wallace-for-president supporters were arrested yesterday after they refused to break up an open air rally which police charged was "causing a disturbance and blocking traffic" on Wayne street, next to the Westinghouse plant.

Those arrested on charges of failing to comply with police directions were Jolly Smolens, 20, of New York City; Dorothy I. Brown, 19, of Jersey City, N. J.; Joseph F. Thornton, 26, of New York City and Hollywood, Calif.; Carl V. Abrams, 29, of New York City, and Richard M. Niebur, of 144 Blymyer avenue and Sandusky. A 17-year-old New York youth was arrested also, but charges have not been filed as yet with juvenile court authorities.

At the request of the group's attorney, Miss Barbara Schwaner, Judge H. H. Schettler continued hearing of the charges until Nov. 3, the day after the national election, "for the purpose of giving the defense a chance to prepare for the trial."

The defendants were released on bonds of $50 each.

The police became involved in the affair at 2 p. m. when Robert N. Landfair, Westinghouse plant policeman, reported that a car on Wayne street, between East Fourth and Fifth streets, was blocking traffic at that point and was preparing to broadcast with a sound system.

LOUDSPEAKER USED

Traffic Officer M. F. Williams was ordered to the scene. He said he found that a crowd of approximately 100 persons had gathered around the car and the portable loudspeaker that had been set up on the sidewalk. The car, which was parked on the east side of the street and the crowd were blocking traffic, Williams said.

The first shift at the Westinghouse plant quits work at 2 p. m., and the street was jammed with pedestrians and cars of persons going to and from work, the police officer reported.

"I asked them to move on," Williams said, "because they were creating a disturbance and congesting traffic, but they refused. Traffic from both directions was at a standstill."

Officer Williams was joined by Traffic Officer William D. Mitchell. They said that the sextet caused no trouble when they were arrested, but told the officers "We'll contest the case."

Officer Williams said Dorothy Brown had started to deliver a campaign speech when he arrived on the scene.

GROUP PROTESTS

At a meeting of the Richland County Progressive party last night at 85½ North Main street, headquarters of United Electrical Workers, Local 758, a protest was lodged against the arrest of the six Wallace supporters, including Niebur.

He is the representative of the International who last Sunday distributed handbills at a meeting of UE Local 711 urging the members to vote against a measure barring communists from holding office in the union.

Westinghouse workers of Local 711, UE, went on record Sunday as being opposed to Henry Wallace and the third party.

The approximate 150 persons who attended the meeting last night asked that telegrams be sent to President Harry S. Truman, Gov. Thomas E. Dewey and Henry Wallace, calling upon city officials to drop the charges of failure to comply with police directions.

Similar notices were sent to the national, state and city CIO bodies.

Arthur Wernick, business manager of Local 758, said the persons arrested entertained the meeting with singing and dancing.

James Young, chairman of the Richland County CIO council said today that "after talk among union officers the CIO has decided to completely disregard the telegram from the Richland County Progressive party."

Schoolmarms Talk Less, Marry 'Em!

HARTFORD, Conn.—(INS)—A widely known psychologist today urged men to marry school teachers—for not-purely-intellectual reasons!

He described schoolmarms as lovable, eager to marry, and less "yak-ity-yak-ity" than most other women.

Dr. James F. Bender told the Connecticut Education association in Hartford that "American school teachers make the best wives."

Jewish-Arab Fight Rages

Defy Security Council Order

TEL AVIV—(INS)—Bitter Arab-Jewish fighting raged on in Palestine today despite the latest United Nations cease-fire orders.

While Egyption strongholds were reported surrendering in the southern Negev area, Israeli military spokesmen conceded that the Arabs have gained the offensive in northern and central Palestine.

A Tel Aviv communique said that Arab forces captured a height overlooking the important upper Gailililee highway near the Syrian frontier after all-night shelling

Other Arab units were said to have pressed an artillery assault on the villages of Rosh Pinah and Kear Yehezkel, near Mount Gilboa in the north.

At the same time, Arab forces also reportedly launched an assault in the Jordan valley. The Jewish settlements of Sde Nahum and Messiloth were shelled.

United Nations observers in Haifa said that new hostilities have flared up in the central front, where Irqui armor is supporting Arab irregulars. Fighting was reported heavy around Jenin, 40 miles northeast of Tel Aviv.

U. N. truce teams were dispatched to the fighting fronts in an attempt to halt hositlities and fix responsibility for aggression.

In Paris the Security Council postponed action on Palestine until after the United States election, following a reported reversal of U.S. policy.

Reliable sources said that President Truman directed U.S. chief delegate Warren Austin to withdraw his support from an Anglo-Chinese resolution which would have compelled Israel to yield gains made recently in the Negev area.

The resolution supported yesterday by the U.S., threatened Jews and Arabs with sanctions unless they obeyed a Security Council order to retreat to positions held before the fighting broke out.

But the sudden U.S. shift postponed a decision. A subcommittee was named to revise the resolution. Austin, chairman of the Security Council, made no statement on the U.S. position. But he carefully abstained from voting on a Syrian effort to force the council to discuss the issue again tomorrow afternoon.

Army Hangs Nine Nazis

MUNICH, Germany—(AP)—Nine more Germans convicted of war atrocities were hanged today as the U. S. Army went ahead with the executions of Nazis despite church protests.

Four of those hanged today shot unarmed American fliers who had bailed out of damaged planes. The other five had tortured concentration camp inmates to death.

Eight of those hanged were former S.S. (Elite Guard) men. One was an S.A. (Brown Shirt) colonel.

Convicted of slaying fliers were S.S. Lieut. Karl Hunsicker, 41; S.S. Col. Willy Stemmler, 48; S.S. Corp. Heinrich Franue, 49, and S.A. Col. Ludwig Kluettgen, 39.

All were accused of shooting or beating to death from one to four aviators in 1944 and 1945.

S.S. Private Mathias Frindt, 24, was hanged for atrocities at a Mauthausen sub-camp. "On one occasion he selected four inmates and required them to hang two other inmates who were Ukranians or Russians," an army report said.

Extend Campaign To Nov. 5

Chest Workers Need $20,503

Community Chest leaders decided at a special meeting this morning that the drive has a fighting chance to go over its 1948 goal of $122,635 and extended the campaign until 6 p. m. Nov. 5.

When the drive officially closed at 6 p. m. last night, a total of $102,132 was reported, or $20,503 short of the goal. Reports came in rapidly during the closing hours with $4,000 reported in the final hour and a half.

The Blue Stars unit, headed by Harold Osmond, moved into first place in the two major divisions of the drive for the first time since the opening of the campaign. Stars reported $52,605. Red Feathers, headed by James McConnell, had $49,467.

In announcing the decision to continue the drive, Willis Carto, general chairman, said, "at a meeting this morning a complete analysis was made of the current status of the campaign. This analysis disclosed that approximately 19 per cent of the prospect cards are still unreported. In order to permit completion of solicitation it has been decided to extend the campaign one week to Friday, Nov. 5."

WORKERS GET MORE TIME

"I feel that this extension will allow every worker ample time in which to complete his job and thereby enable the Chest to reach its 1948 goal of $122,635," he concluded.

Last year on the closing day the drive had raised $122,000, nearly $20,000 more than this year and more than $7,000 over the 1947 goal of $114,900.

Commenting on the failure of this year's drive to go over the top, Chest officials said that a number of contributors had failed to meet the seven per cent increase with increased gifts and some had even cut their pledges this year.

Too many persons in downtown stores and industrial plants cut their contributions to $1 this year, Chest workers said. Neither this year nor in the future can Mansfield make its quota on $1 contributions, Chest officials said.

The extension of the drive will enable industrial plants to complete their solicitations. Leaders in the drive hope that those who have made $1 contributions will realize the need and make additional gifts.

8 MORE OVER TOP

Eight more teams reported that they had gone over the top in the closing hours of the campaign. Public service team 3, the News-Journal, headed by Ken Woodman, reported $812 on a quota of $750. Commercial B team 5, headed by Trent Dill, raised $248 with a quota of $235. Commercial B team 6, headed by Jerry Rosenberg, reported $481 on a quota of $475.

Construction team 6, Ralph Stanton, raised $303 on a quota of $300. Construction team 10, Harold Williams, reported $281 on a quota of $265. Commercial A team 12, headed by H. W. Mitchell, raised $427 on a quota of $400.

Team 18 of the general division, headed by Mrs. Dan Markowitz, reported $109 on a quota of $102. The pupils of public, private, and parochial schools had a quota of $600 and raised $703.

Do Their Part to Get Out Vote

Girl Scouts Offer Baby Sitter Service

In a move to help get out a big vote next Tuesday, Mansfield senior Girl Scouts today volunteered to serve as baby sitters election day for parents who otherwise couldn't leave home.

Forty-five senior Scouts have signed up to perform this community service without pay, Miss Margaret Rooney, executive secretary of Girl Scouts, said.

The girls will sit with children in their own wards between the hours of 4 and 6 p. m. Tuesday.

Scouts in the Madison district will baby sit from 4 to 5 p. m. Tuesday. The senior Scouts are from 14 to 18 years old.

The entire membership of two senior Mansfield troops has volunteered to assist parents who wish to vote but who have no one to care for their children while they go to the polls.

CALL HEADQUARTERS

Anyone who wishes to obtain the services of a senior Scout as a baby sitter Tuesday should call Girl Scout headquarters. The telephone number is 1871-6.

The office will contact the girls and see that they report at the desired time.

Miss Rooney suggested that parents who call the girls as baby sitters vote as quickly as possible so the girls can help more families.

No End Seen To Cold War

Stalin's Blast Disturbs U. N.

PARIS —(U.P.)— Western delegates to the United Nations expressed fear today that Premier Josef Stalin's denunciation of the west was a signal for Soviet intensification of the east-west cold war.

It was feared that Soviet representatives would not only increase their denunciations of the west on the Berlin crisis in the United Nations but would step up the tempo of the cold war throughout the world.

Stalin's statement frankly disturbed many delegates and they abandoned what little hope they had for an early settlement of the Berlin crisis.

His remarks were seen as an obvious categorical rejection of the west's offer earlier this week to settle the Berlin crisis outside the United Nations on the same basis as the neutral resolution vetoed Monday by Russia.

Western delegates likewise abandoned hope that the General Assembly might ease the tensions resulting from the deep schisms between east and west, which the more optimistic had considered possible.

No UN delegate had any idea of Stalin's motives in making his statement, but all assumed that the Soviet premier had not changed his usual calm tone for nothing.

Everything Stalin said concerning the "aggressive" policies of the west and the alleged plans of the west's leaders to "unleash a new war" has been said time and time again.

PLEAD INNOCENT

YOKOHAMA—(AP)—Seven former Japanese admirals, including a grandson of the late Emperor Meiji, today pleaded innocent to charges of robbing, torturing and murdering 800 survivors of torpedoed Allied ships.

Absent Vote Drop Shown

The number of absent voters' ballots sent out this year lagged far behind the number sent in the last presidential election year.

A total of 430 absent voters' ballots were sent this year, Thomas R. Zeigler, clerk of the board of elections, announced today. The deadline for the ballots was 6:30 p. m. yesterday.

The figure represents a considerable drop from the 542 absent voters' ballots received by the board of elections in the 1944 presidential election.

The number of absent voters' ballots this year is, however, much higher than last year's. In the 1947 municipal elections 105 voters used the absentee ballot.

To date 18 soldiers' ballots have been sent, Zeigler said.

CLEVELAND — (INS) — The greater Cleveland Community Chest has surpassed its goal today for the second consecutive year and 12th time since 1919.

Issues UE Statement

Secretary Calls Charge 'Hysteria'

Confronted with charges that practically every officer of the United Electrical Workers-CIO "is a Communist or a fellow traveler"—made in Colliers magazine by Louis Francis Budenz long-time Communist party member—Art Wernick, business manager of Local 758 said last week he would have a statement after his union met.

Today a statement was issued for local 758 by William Kozma, the secretary.

The statement did not answer Budenz charges directly. It "denounced the hysteria whipped up by newspapers," and said the "officers are plenty capable of running our own union."

Kozma's statement said Local 758 represents 1,500 workers in five Mansfield industries. It said 500 members attended the meeting and that action was unanimous.

Last Sunday, Local 711 UE-CIO, representing 6,000 workers

Grim Objects Are Studied In Koch Case

WASHINGTON — (UP) — A shrunken human head and sections of skin from Buchenwald victims have been made available to Senate investigators and may figure in the Ilse Koch inquiry, it was learned today.

Chief Counsel William P. Rogers of the Senate investigating subcommittee said staff members have studied the exhibits which are in custody of the army's medical museum here.

Frau Koch, reportedly tagged tattooed prisoners for death so she could make lampshades and other decorations from their skin.

Rogers said Nazi scientists experimenting on Buchenwald prisoners were developing a chemical process to shrink human skulls.

DDT Development Wins Nobel Prize

BASLE (UP)— Dr. Paul Mueller, the unassuming Swiss chemist who won this year's Nobel Prize for Medicine, prepared today for his first visit to Stockholm. He will go to the Swedish capital Dec. 10 to pick up a $44,000 check from the Nobel Prize committee for developing the powerful insecticide DDT.

Ohio Race Hinges On Cleveland

(By International News Service)

An all-out drive for the huge Cleveland vote — one-sixth of the Ohio total—was instituted today by Governor Herbert and ex-Gov. Frank J. Lausche.

Except for a flying trip which Lausche, the Democratic nominee, will make to Youngstown late tomorrow, both candidates will remain in their home city which undoubtedly will decide the outcome of the election for governor.

The campaign will be climaxed tomorrow noon when both candidates appear on the same platform for the first time in the famed City club debate.

Herbert, who celebrated his 54th birthday yesterday, actually has been making Cleveland hay since he went to greet presidential candidate Thomes E. Dewey Wednesday. Lausche spent yesterday in Sandusky and Toledo but moved into Cleveland today.

The traditional city debate forum will be broadcast and also transcribed for subsequent re-broadcast. Both programs will include the question-and-answer period which follow the presentations of their cases by the two candidates.

Cleveland is expected to go Democratic as usual. Republicans, however, hope to keep the majority down to the point where an anticipated down-state GOP trend will more than offset the Dems' Cleveland plurality.

WANTS NO RED VOTES

Two years ago, for instance, Lausche carried the county by 58,466 votes, but lost the election to Herbert by 139,524 votes. Four years ago, when Lausche's Cuyahoga county margin was 192,000, the downstate margin for James Garfield Stewart failed to overcome it and Lausche was elected by 112,000.

Herbert, centering his fire on communist activities, stated:

"As long as I am governor of Ohio, law and order will be preserved at all costs. There will be no communists voting for the Republican candidates for office. And as far as I am concerned none of their votes is wanted."

Lausche issued a statement in Cleveland calling upon Herbert to "clarify his public statements on the powers of the governor to obtain law enforcement in Ohio." He charged that Herbert has made conflicting statements on the subject.

Agitators Start Riot

STUTTGART, Germany—(AP)—U. S. military police officials said today agitators engineered the five-hour riot here yesterday in which five Americans and at least 12 Germans were hurt. Thousands of persons took part in the disorders.

Capt. Charles G. Ives, provost marshal for Stuttgart, said squads of 'teen-age youths whipped the crowd into a fury at the end of a mass demonstration against the high cost of living.

They began throwing stones, smashing windows and halting traffic. German police were unable to handle the mob.

American military policemen were called and formed a line that began pushing the crowd down Koenigstrasse. German mounted police arrived in jeeps and rode up and down the sidewalks, breaking up groups of rioters. U. S. officials said the military policemen threw smoke bombs into the crowd, but fired no shots. They arrested 35 demonstrators. One MP suffered a knife wound.

French Jail 700 Strikers

PARIS—(AP)—Police said today they have jailed 700 Frenchmen and foreigners in an attempt to end the 25-day-old coal strike.

The interior ministry announced today police and army occupation of the big northern coal fields was moving 12 to 24 hours ahead of schedule.

"There was no noticeable resistance and no incidents," the communique said.

The pro-Communist newspaper Ce Soir said strikers were counter-attacking at the Bonnel mine, one of the 12 occupied today.

Nominees Vie For Big Vote

Three Candidates Converge on City

(Compiled From Wire Services)

Two presidential candidates were bidding for New York's fat electoral vote today and a third was on the way there for the hectic windup of the 1948 campaign.

President Truman, whose strategists claim the state's all-important 47 electoral votes, planned to stump the greater New York City area from Winchester county to Brooklyn where he speaks tonight.

Gov. Thomas E. Dewey, after campaigning through southern New England, was scheduled to reach New York state late this afternoon. The Republican nominee makes the last major speech of his formal campaign in Madison Square Garden tomorrow night.

Progressive party candidate Henry A. Wallace embarked on a block-by-block invasion of New York City which he considers one of his strongholds.

Almost 2,000,000 New Yorkers saw the President yesterday during his tour of the city and 22,000 cheered him last night as he lambasted his GOP rival at a political rally.

Mr. Truman said Dewey has been following him around the country, but won't follow him either in discussing the campaign issues or through the White House door. He scornfully characterized the Republican nominee as a "second-hand candidate," a reference to Dewey's previous unsuccessful bid for the presidency.

FOREIGN POLICY

In Boston, meanwhile, Governor Dewey appealed to the President to close the campaign "without rancor or bitterness." Dewey promised that if he is elected president he will increase social security benefits and expand its coverage, boost the minimum wage and provide a "stronger and expanded public health service."

The GOP standard bearer also hammered anew on the Communism issue. He said "our country is entitled to a government that will not need $25,000,000 to find out how many Communists it has appointed to the government service." It is entitled, he added "to a government which will not appoint Communists in the first place."

Dewey lashed out again at the Truman administration's handling of foreign policy, saying "it has blown hot and cold on issue after issue."

The President retorted to Dewey's "mud-slinging" charge Tuesday night in Chicago.

"If it's mud-slinging to go out and tell the people in every state and every corner of the country about the facts of life, then I'm a mud-slinger," Mr. Truman said.

Rain on Tap For Election

WASHINGTON —(U.P.)— The weather bureau today forecast a rainy election Tuesday for almost every section of the country east of the Rocky mountains.

The bureau predicted that voters probably will go to the polls in rain everywhere in the area except in Georgia, North and South Carolina, southwest Texas, Missouri, Kansas and Nebraska.

The forecast did not include Rocky mountain, southwest and Pacific coast states.

Moderately heavy rain ranging to light, scattered showers will extend along the entire length of the Atlantic coast, throughout most of the south and much of the midwest, the weather bureau said.

The sectional forecast for election day:

Middle Atlantic states and eastern New York rain Tuesday and Wednesday, mostly in north portion. Temperature slightly above normal.

Ohio, West Virginia and western Pennsylvania cool Tuesday and Wednesday. Rain about Tuesday.

Tennessee and Kentucky—rain likely Tuesday or Wednesday. Temperature slightly above normal.

'Trick-or-Treat' Plunder Will Go to Finland

Youngsters Trade Mischief For Mercy

MENTOR —(AP)— Mischief steps aside for mercy this year as Mentor youngsters celebrate Halloween.

Costumed children punch doorbells on trick-or-treat tours of this village of 1,800 in traditional Holloween style. But loot sacks they carry are stuffed with things for a needy Finnish community instead of candy, nuts and other goodies for the masqueraders' enjoyment.

The kids themselves thought up the idea of collecting spools, thread, needles, buttons and other small, useful articles as they make their rounds. They wanted to help in Mentor's campaign to aid the 3,600 people —many of them displaced persons—in Suolahti, a town in central Finland.

Under the leadership of the Mentor Civic club, this Lake county town "adopted" Suolahti several weeks ago, and now the whole community has rallied behind the idea. The object is not simply relief, but to establish friendly relations with the Finnish community.

The children's Halloween parade here Saturday night will open a month of planned activities to help Suolahti. After the parade musicians from the predominantly Finnish community of nearby Fairport will give a concert.

Mentor and Fairport high school football teams will play a benefit game for Suolahti Nov. 13; and a Suolahti Thanksgiving dance will be held at the high school with Finnish dancing groups from Fairport, dressed in customes of their native land, performing in folk dances.

Prior to the wedding ceremony Miss Lily Ann Bernhesiel of Athens, played the program of nuptial music.

Using as his subject, "Christian Democracy or Communism", the Archduke told a group of 100 Mansfield women at the Ohio theater just what the conditions of Russia are today. He returned to the United States only a few weeks ago after a tour of many foreign countries.

He emphasized the fact the Russians have greatly bettered themselves since the end of the war by taking over the axis technicians, plants, management, labor and industries. They have built up a tremendous world armament empire, four times as good as in 1940, and equal only to that of the United States, he explained.

"Their production exceeds the combined production of the entire world," said Otto, "and at the present time they have 4,000,000 armed men.".

"Since the war," he said, "90% of the mobilized Russian troops have been arrested and put into labor battalions, due to their unrest after being in freer countries during the war."

He told his audience of the rise in communism throughout Asia and other distant lands, which are aided and directed constantly by the Russians.

An interesting phase of his talk concerned the policies of the Soviet Union during the war years and now. He told of their everchanging motives to gain the upper hand in world affairs. Their greatest enemies are Great Britain and America, where they are striving to cause an economic disruption, civil war, sabotage and social unrest.

"Communists are everywhere in the world at the present time," he stated, "with Russians keeping constant tab on world happenings through submarines stationed in vital ports.

"The average person today," said the Archduke, "is entirely too complacent and indifferent to the underground work being carried on by the communists."

Mrs. J. L. Stevens, president of the Federation, introduced the speaker, the first in the series of three lectures to be presented here this winter. Following the program, 65 women were served at a luncheon at the Women's Club.

Larry Goff led the group in devotions. The business session was conducted by the president, Mrs. D. E. Stuckey.

Color slides were shown of the western states, taken when Mr. and Mrs. Stuckey were on their vacation.

Ohio State Battles Northwestern In Big One

Victor Eyes That Trip To Pasadena

By CHARLES EINSTEIN

CHICAGO —(INS)— Ohio State and Northwestern football teams, both eyeing that all-expense trip to Pasadena, get in each other's way before 48,000 Rose Bowl-minded fans at Evanston, Ill., tomorrow.

The game is the day's standout Western conference gridiron battle.

Elsewhere in conference play, Michigan's power football club is a big choice to belt Illinois half way from Ann Arbor, Mich., to Champaign, Ill., and run its winning streak thereby to 20 straight.

Iowa is a debatable favorite over Harry Stuhldreher's debatable Wisconsin eleven in their game at Iowa City, while in the remaining conference game on the day's docket, Indiana travels to Minneapolis, apparently to undergo a pushing around by the big boys at Minnesota.

MICHIGAN LEADS

A quick glance at the standings shows Michigan first, with three triumphs and no defeats in conference play; and Northwestern, Ohio and Indiana all tied for second at two-and-one. In Indiana's case, pending a miracle, that exalted position in the standings is strictly an optical illusion.

Minnesota, having won one game and lost two, might be counted out of the Rose Bowl prospectus But if, as seems not unlikely, this year's Rose Bowl visitor turns out to be a team that lost two games in its own conference, then Minnesota, with a downhill schedule the rest of the way, isn't out of it.

At Northwestern, the Wildcats are firm choices to subdue Ohio State in their big number tomorrow, and they, like Minnesota, have a relatively downhill chore in conference play following the Ohio game. Ohio State, on the other hand, still must play Michigan.

LIGHT PRACTICE

Ohio State pulled into Evanston early today and prepared for a light workout.

Coach Wes Fesler faced what he called State's "toughest game so far," with this prediction:

"We know we're going up against our best opponent this fall, but we're going to Evanston to win Every man is keyed up to do the best he can We're going to have to play better football that we have in any game this fall, but I think we can."

He took fifth string Tackle Jack Dawson along to Evanston simply because Dawson can kickoff better than anyone else available, and Fesler wanted to make sure Northwestern got plenty of exercise running back those kicks.

Beau Jack Puts Britisher Away

WASHINGTON —(INS)— Beau Jack, former world's lightweight champion, is credited today with a three-round technical kayo over Eric Boon, ex-British welter and lightweight titleholder.

Jack spoiled Boon's American debut last night when he gave the British fighter such a beating that the referee stopped the match after one minute and 21 seconds of the third of the scheduled 10-round bout.

Syracuse university's 130-piece marching band is garbed in Orange and Blue ski clothing this fall.

Fumble Costs Galion Initial Grid Victory

GALION — A fumble on their own 28-yard-line with three minutes to play cost the Galion Tigers their first football victory of the season here last night. Galion lost to Bellevue, 20-19.

A Bellevue pass from Nasonti to Bruckner tied the contest and Coe kicked the extra point which spelled victory.

Apparently inspired by the Dad's night ceremonies, the Tigers scored the first two touchdowns of the game. Bill Dixon counted on a lateral early in the first quarter and Dick Dye kicked the extra point In the third period, Galion tallied again on a pass from Ed Wisler to Bob Fink

Bellevue racked up its first tally late in the third period and Galion came back to regain its two touchdown lead on Jim Schwartz's touchdown run Bellevue scored again on a sustained drive but Galion apparently had the game safe when the fumble occurred.

Galion has yet to win a Northern Ohio league game while Bellevue has a three-and-three record.

Bellville 11 Scores Easy Win, 53-0

BELLVILLE — Bellville's touchdown-crazy football team coasted to victory No. 7 last night by a 53-0 margin over little Cardington.

Bill Balliett and Jim Gleason, the Blue Jays driving halfbacks, scored three times each to pace the attack. Quarterback Bill Ridenour tossed four touchdown passes.

Cardington led Bellville in first downs, 13 to 9, but the home team's scores were all long runs while the visitors' attack bogged down every time it hit scoring territory. Once Bellville held for downs on the one-foot line.

THREE IN FIRST

Coach Harry Regula's Blue Jays tallied three times in the first period. Balliett circled end for eight yards and then caught a 35-yard pass from Ridenour. Ridenour hit Gleason with another scoring pass, also good for 35.

Eagleston returned the second half kickoff 80 yards to start another scoring parade. Balliett cut off tackle for 30 yards for the fourth TD, then Ridenour loosened up his arm to toss two more. Gleason was on the receiving end of one for 40 yards and Fred Collins the other for the same distance.

The final score was 70 yards through the line by Jim Gleason. Tackle Will Walker converted on five of the eight attempts.

Lou Boudreau Gets Reception

HARVEY, Ill.—(AP)—Lou Boudreau, shortstop-manager of the World Champion Cleveland Indians, was treated to a rousing reception by Harvey's 21,000 citizens yesterday.

The celebration began with a parade supported by five bands and a float bearing a golden key to the city for Boudreau. All along the two mile line of march to the high school athletic field, the streets were lined with cheering crowds.

University President Puts Football Second

PITTSBURGH —(U.P.)— President Robert E Doherty of Carnegie Tech shattered any hopes today that the school would "buy" talent for its winless football team.

"This is a school where we put first things first and second things second," he said "Athletics come in the second category"

Madison Battles Delaware Tomorrow; Willis Has Big, Veteran Forward Wall

By CHARLEY STINE

Madison high's last home game of the 1948 football season Saturday night will be against a rugged Delaware Willis team which will present the only line to outweigh the Ram forward wall all year.

Although having won but two games and tied one in six outings, the Delaware team is big and husky and presents a forward wall which vaerages 176 pounds. Madison's line, the pride and joy of Ram fans, averages 158.

Delaware is senior-laden and according to reports is capable of playing better ball than it has shown in previous games. Willis has beaten Marion St. Mary's and Columbus University high, while tying Urbana and losing to Upper Arlington, Grandview and Bexley.

AFTER FOURTH WIN

Madison will be after its fourth victory, having taken the measure of New London, Newcomerstown and Rittman, while losing to Loudonville and Mt. Vernon on the past two week ends.

Six of the Delaware regulars started against Madison last year when the Rams won by a 37-18 score. Three others saw action as substitutes. Willis' best back, Ray Broadnax, was a regular in 1947 as was Quarterback Jack Hensly and Fullback Dave Coppock. Broadnax is a 160-pound sprinter who is a tough cookie to bring down. The fourth member of the backfield, Zeke Brackney, subbed in last year's game.

Delaware runs out of both the T and single wing although its best plays operate from the T. Little passing is done as the giant forward wall is used to full advantage by Coach Ray Overturf. John Reichelderfer, 185-pound left tackle, is the defensive man-to-watch as he is an expert at ending the play in his opponent's backfield.

SECRIST BACK

Madison will be in good physical shape for the contest, although Coach Ennis Walker reports he may have to use tailback Larry Secrist sparingly. Secrist missed last week's game with infected elbows which were the result of hitting the ground on hard tackles.

The 140-pound sprinter could be the big difference in the contest as he is the Rams' fastest back and may be able to run around the hulking Delaware forward wall. He was not missed too much last week as mud made the Mt. Vernon game a battle of line play and big Fred Durig has no superior at bucking the center.

Only Captain Don Morris, Guard Norm Hughes and End Jim Brightbill started last year's Delaware game. Most of the other members of the current team, however, saw service as replacements.

Dad's night will be observed at the game with fathers of the players being honored at appropriate ceremonies.

Piles Are Never "Mild"

DANGER IN NEGLECT

No one should ever think of piles (hemorrhoids) as a "mild" disorder.

Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves; instead, they are likely, if neglected, to keep increasing in size, involving more and more of the rectal area.

Even a so-called "mild" case may be expected to undermine one's health, by inviting predisposing to, or aggravating other ailments, such as: indigestion, biliousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its rundown tired feeling, and general nervous irritability.

Removal of piles is the only permanent relief—written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom is the patient required to lose any time from work or other duties.

Why not call and learn of this method? The examination is free.

Bulldogs Win Third of Year From Willard

CRESTLINE — The Crestline Bulldogs scored their third victory against two defeats in the Northern Ohio league last night by a 19-12 margin over Willard.

An intercepted pass by Crestline's fine guard, Jimmy Johnson, was good for 43 yards and Crestline's first score in the opening quarter. Johnson placekicked the point to give the host team a 7-0 lead.

Willard came back to score as Woerth caught an end zone pass in the second period, but Crestline put the game on ice with two touchdowns shortly after the second half opened. Glenn Miller bucked over on both the scores.

Willard scored in the fourth period on a 10-yard run by Nowcerski.

BOSTON —(AP)— The National league champion Boston Braves, who have many changes in mind, today were minus First Baseman Frank (Buck) McCormick and southpaw Pitcher Ernie White.

They drew their unconditional releases from General Manager John Quinn last night after all other major league clubs had waivered on them. Quinn offered each a job elsewhere in the Braves organization.

PHILADELPHIA —(U.P.)— National football league teams are running close to the record breaking gross receipts of last year, Commissioner Bert Bell said today.

Bell said the teams are grossing only three per cent less money than for comparative games of 1947 and that indications at the halfway point in the season were that at least seven teams would show a profit for the year.

Working Girls Wearing Less

CHICAGO (U.P.)—White collar workers are wearing fewer and fewer clothes "almost to the extreme of shocking exposure," a fashion survey shows.

Working girls simply "under dress," the American Women's Institute reports.

"They wear off-shoulder blouses, deep-cut necklines, skirts with long splits, and transparent blouses and thin sweaters." The group found girls from small cities under-dress even more than their big city sisters, the report added.

The faults of men's wear weren't overlooked. "The chief fault with men," the organization said, "is that they clutter every pocket with miscellaneous objects from paper notes to screwdrivers."

Motorists Urged to Adapt Driving to Winter Conditions

Looking to the approach of winter and poor driving conditions, traffic officials warned Mansfield motorists today of the importance of adjusting their cars and driving habits to new hazards of the road.

"Wet leaves and fog are the chief problems right now," declared Robert L. Garver, acting traffic commissioner. He urged motorists to be especially wary of wet leaves, pointing out that they are likely to be as slippery as ice.

He said the falling leaves presaged increasingly cold weather with icy streets due next. He stressed the importance of developing better driving habits now in anticipation of the dangerous days ahead.

Cpl. John L. Bishop of the state highway patrol joined in urging drivers to change their habits to meet the new challenges presented by poorer road conditions.

CHANGE RAPIDLY

"The major item for motorists to consider is an adjustment in their manner of driving to the changing conditions of the road," he said. "Whenever there is a quick change in road conditions more accidents result."

The lack of this adjustment, Bishop asserted, is more responsible for the rise in traffic accidents than the condition of the automobile.

He pointed out that once winter conditions have settled the accident rate begins to drop. The average motorist, he said, doesn't change over to winter driving habits until he has experienced a minor skid or two.

Bishop also attributed the increase in highway accidents to drowsiness induced by car heaters.

Garver and Bishop stressed the added importance of good lights and a good battery during the winter months. They both backed the recommendation of Earl L. Reeb, director of the Ohio department of highways, who reminded car owners to put their vehicles in readiness for the dangerous winter months.

Only a small portion of the outside of most tree trunks is living sapwood, the center of the trunk being composed of heartwood which is technically "dead."

Life Sentence Begins Today

CANTON —(INS)— Mrs. Hazel Everhart, 48, of nearby Massillon, found guilty Sept. 28 of second degree murder for the knife slaying of her husband, Wade, was to begin a life sentence today at the State Reformatory for Women at Marysville.

Stark County Common Pleas Judge George N. Graham, sentenced the widow yesterday. Defense attorneys, however, said they would appeal.

Mrs. Everhart, who pleaded self-defense, was convicted of slaying her husband wth a carving knife in a quarrel in their Massillon home July 6.

U. S. Declares MacArthur's Talks 'Purely Routine'

Reject Red Demand For Talk Report

Soviets Claim 'Japanese Safe'

WASHINGTON — (AP) — The United States will reject Russia's demand for an official report on Gen. Douglas MacArthur's military conferences at Tokyo with other American commanders.

The state department made this clear in a statement declaring such talks are held by MacArthur in his capacity as a top United States officer and "are purely routine matters of sole concern to this government."

At the same time, the department denied that the former Japanese Navy yard at Yokosuka is being converted into a modern naval base for American forces in the Far East.

Soviet Ambassador Alexander S. Panyuskin voiced his demand for an American explanation at a meeting of the Far Eastern commission yesterday.

The state department declared its position last night. Its comment, however, was in the form of a public statement, rather than a diplomatic note. So the formal rejection will not be made until the commission meets again next Thursday in its role as adviser on Japanese occupation problems.

Panyushkin announced his action a short time after Moscow had issued Prime Minister Stalin's blast against the western powers, charging them with pursuing aggressive policies aimed at "the unleashing of war."

Panyushkin based his demand for information on press reports of a conference MacArthur held in Tokyo Oct. 12-14 with Lt. Gen Nathan F. Twining, commanding the Alaskan defenses, and Vice Adm. John L. McCrea, deputy commander of the Pacific fleet.

The Russian ambassador said the subject discussed was "the question of increasing American occupation forces in Japan

Firemen Wear Masks To Battle Blaze

Firemen from Central station had to put on masks before entering the smoke-filled basement of the DeSoto hotel to extinguish a blaze early today.

The firemen answered a call to the hotel at 18 East Third street at 1:20 a. m

According to firemen's reports, a mattress had caught fire in a bedroom and the blaze had apparently been extinguished by persons in the room without calling the fire department. The mattress was taken to the furnace room in the basement where the fire was rekindled, firemen said.

The basement became filled with smoke from the smoldering mattress. Firemen said they believe the fire originally started from a cigaret in the bedroom.

Issues UE Statement On Reds

Secretary Calls Charge 'Hysteria'

(Continued From Page 1)

at Westinghouse, adopted an amendment to its constitution barring communists or members of any subversive organization from holding office in the union. So far there has been no indication that local 758 plans action to bar communists.

Under the heading of "news release", Kozma gave out the following prepared statement:

"An enthusiastic meeting of over 500 workers of local 758, UE-CIO, Wednesday unanimously denounced the hysteria whipped up by the newspapers in an attempt to divide the workers.

"The meeting also unanimously went on record in reaffirming the preamble of the UE constitution which provides that all members regardless of race, color, sex, creed or political beliefs

"The local, which represents some 1,500 workers in Ohio Brass, Humphreys, Martin Steel, Ideal Electric and H-K rejected the red-baiting and smear attack against the UE.

"In a statement to the press, William Kozma, secretary of local 758, and executive board member of district 7, UE, representing some 75,000 UE workers in Ohio, stated "UE workers have increased their wages some 79 cents an hour in the last ten years, contrast this to the measly 5 cents that electrical workers got in the previous 15 years before the UE was in existence. That is why the UE is under attack and is very red-baited and smeared.

" 'There are certain forces within and without our union who are questioning the loyalty of the union without any evidence to prove these charges. They hope to sow confusion and then reap the harvest of company unionism."

"Following is the statement adopted by the membership without a dissenting vote

"We the members of local 758, United Electrical Radio and Machine Workers of America, condemn the actions of those forces both within and outside of our union, who are attempting to promote hysteria, witch-hunts and general confusion by red-baiting.

"We particularly condemn the actions of the daily press and magazines, who are under the control of big business and take every means to indicate that our union is under the control of communists and infer that our leaders are subversive and a group of saboteurs

"We, as members of the UE, who elect these officers, feel we are plenty capable of running our own union. We do not intend to have our policies dictated by the newspapers, reactionary congressmen, and certainly not by any of the companies for whom we work.

"We interpret these smear tactics as an attempt to drive the Taft-Hartley act down the throats of our UE members, since we have been able to stay away from the Taft-Hartley Board and have come out with wage increase and improved contract provisions.

"We condemn those people within our union who actively support the program of the companies, the press and big business and the Taft-Hartleyites, and we consider them as stooges for the company and will treat them as such."

Illness of 4 Still Baffles

The mysterious illness of four members of a Pavonia family may remain a mystery.

Yesterday county health officials began investigating the possibility that the sudden illness of Jerald Ruckman, 28, Mrs. Ruckman, 23, and their two children, Jerrilyn, 6, and Robert, 1, was caused by carbon monoxide fumes rather than food poisoning as was earlier supposed.

Today Dr Harry Wain, city-county health commissioner said he had received a report on the samples of the four Ruckmans' blood and on the food samples which were sent to the state health laboratory in Columbus for analysis.

Dr. Wain said the laboratory's findings showed the blood tests to be negative, thus discounting the theory of carbon monoxide. Preliminary tests of the food samples failed to reveal any evidence of contamination or poisoning.

There is nothing further which the health department can do, according to Dr. Wain.

New Machine Unveiled at Coal Mine

Digs 20 Tons In Fifty Minutes

NEW LEXINGTON —(AP)— A new coal-digging machine that can gouge out five tons and load it on a truck in two and one-half minutes held promise today of tripling the best output of the nation's mines.

Named the "Colmol," this giant gadget chewed into a coal seam at the Sunnyhill Coal company strip mine two miles north of New Lexington yesterday in its first public demonstration.

With hydro-electric power turning eight huge drills and conveyor belts removing and loading the coal at the rear, the Colmol mined 20 tons of coal in less than 50 minutes.

Its output apparently is limited only by the necessity of moving the 26-ton machine and the time used in getting trucks to the conveyor belt.

First the machine loaded a five-ton truck with coal in two and one-half minutes. That's the daily output of the average miner working without machinery.

In less than an hour, the machine had mined almost as much coal as the average miner working with ordinary machinery gets out in a working day

ONE OPERATOR

The colmol needs but one operator, but Sunnyhill employs a guide to inform the driver where to turn.

The Sunnyhill Coal company has been working for two years on the Colmol. It was an idea of firm President Clifford Snyder, who once watched an earth drill and conceived the idea of expanding the idea into a giant earthworm coal digger.

The machine has been tested in deep shaft mines in Pennsylvania and West Virginia, as well as the Sunnyhill strip mine used for yesterday's demonstration.

Snyder said he expected to go into production of the Colmol soon

Spotlight Two Races In Ashland County

By VIRGINIA LEED, N-J State Correspondent

ASHLAND—Ashland county's contests for sheriff and prosecuting attorney are predicted as closest races in Tuesday's election.

Ashland city voters will remove from Ashland's council the perennial headache of summer "fast time" issue by expressing their wishes on the time question at the polls.

With two experienced candidates running to fill the shoes of Sheriff H. R. Myers, not a candidate for re-election, Ashland county voters will choose between William H. Schindler (R.), present chief deputy sheriff and M. F. Rickenbrod (D.), former chief deputy sheriff and one-time acting sheriff of the county. Both are conducting vigorous campaigns for the position being vacated by Myers.

Two comparative newcomers to Ashland county oppose each other for county prosecutor. Bernard T. Haines (R.), formerly of Akron and Kenneth Nordstrom (D.), formerly of Cleveland are seeking the post of prosecutor being vacated by C. W. Chorpening.

"Keep Kick Kollecting" is the campaign slogan of Karl K. Kick (D.) seeking a third term as Ashland county treasurer, an office also being sought by Glenn F. Morrison (R.), World War II veteran and present employe of the Faultless Rubber company. Morrison is a newcomer to Ashland county politics.

Don Spreng (R.) is the only incumbent seeking re-election as Ashland county commissioner. With him on the Republican ticket is Thomas J. Stence, while the Democratic opponents are C. H. Cripe and R. A. Ekey. Two are to be elected.

SEEKS RE-ELECTION

George D. Marble (R.), World War II vet, currently serving as county clerk of courts by appointment to fill a vacancy created by a death, is seeking election to the full term, opposed by Charles A. Snively on the Democratic ticket.

For probate judge, an office being vacated by Stanton H. Boffenmyer who recently observed his 80th birthday, Donald G. Fetzer, 33-year-old assistant county prosecutor is being opposed by Mrs. Mildred I. Myers, Ashland's only woman attorney. It is Mrs. Myers' first bid for public office. She has caused something of a surprise in local feminine circles by insisting that her age, 43, be included in her campaign publicity.

There are no other contests on the county ticket. Art R. Tucker (R.) is unopposed in his bid for re-election as county recorder. Edwin M. Kerr (R.) is unopposed for re-election as county engineer. Dr. Herman M. Gunn (R.) Ashland physician and veteran of both wars is the only candidate for county coroner, an office being vacated by Dr. A. D. Lewis of Jeromesville.

Ashland voters also will mark local ballots, one on the proposed ordinance to establish daylight savings time as the official Ashland time between the last Monday in April and the last Monday in September each year. Ashlanders also will vote on the 3.5 tax levy for improvements and repairs to Ashland equipment, facilities and streets. Of this amount .5 mill goes to maintenance of Brookside municipal park to replace the park levy which is expiring.

Jeromesville village voters in southeast Ashland county will express themselves on six local option issues. One involves C. and D. permit holders, licensed to sell beer. The others, listed together, include sale of intoxicants, sale of wine by the package, sale of wine for consumption on and off premises, sale of spiritous liquors by the glass and permitting a state liquor store in the village. There is no state liquor store in the village at present. The question is being submitted to take care of any proposed future installation of a store there.

School levies will be voted on at Troy township, Hayesville, Ruggles and Montgomery. At Nankin, voters will decide a bond issue for $12,500 for improvements to the school. Troy township has a two-mill levy for school maintenance, Hayesville a six-mill levy, three renewed, three new, for schools; Ruggles a two-mill additional school levy and Montgomery a two-mill renewed school levy.

Vandalism Cure Uses New Twist

ASHLAND — Ashland kids are running to—not from—Ashland patrolmen during the current Halloween season.

Reason? Free pretzels.

Patrolman George Riggle thought up the plan whereby cruising police stop when they see a group of youngsters and serve them free pretzels.

Painlessly, they bring up some of the dangers of Halloween vandalism while the pretzels are being munched.

What's more, the police have invited the kids to flag down the cruisers to get their pretzels. It's nothing to see a gang of boys waving down an approaching police cruiser on Ashland streets this week.

SOUR NOTE IN OHIO—Enjoying (?) the acrid tang of the still greenish persimmon fruit are, left to right, Betty Wakelee, Sally Schmidt, Shirley Ringholm and Lorraine Perry, all of Cleveland. The persimmon season officially opened in the midwest this week.

Galion Police Probing Burglary of Lumber Firm

GALION—Fingerprints were taken, and investigation is being furthered in the burglary of the Flick-Bollerer Lumber company, South Columbus street, some time Wednesday morning.

No estimate of the amount of money stolen from the safe which was broken into, was announced.

Police theorized that more than one man was implicated in the break-in.

Entrance was made in the large workshop and lumber storage building through large double doors at the rear of the building. The hasp was pried from the door to gain entry, and a yardstick was apparently used to lift the hook of another door opening into the main part of the building.

The burglars ransacked two trucks parked in the building, forced open a door into the office of the building which they ransacked apparently in an effort to find money or something of value, ripped off cupboard doors from their moorings, scattered records around the floor, and pried off the safe combination, scattering the contents on the floor.

Discovery of the break-in was made by George Flick and Fred Bollerer who operate the business, when they arrived at 7:45 a. m., Wednesday.

37 Crawford Men Called

BUCYRUS — For the second time within four days, Crawford county's draft board sent men to Mansfield for pre-induction physical examinations.

Six men were sent Tuesday and 10 more today.

The board also has received a call for 37 additional men for Friday, Nov. 5, for examinations at Mansfield, Lloyd Adams, Bucyrus, board chairman, reported today.

State draft headquarters informed the local board the size of the calls was increased considerably because of the high percentage of rejections of potential draftees at pre-induction physical examinations.

No dates or quotas have been received for the group leaving today and the large delegation next Friday.

Crawford Republicans Seek Inroads In Dem Stronghold

By GAYLE METZGER
(N-J State Correspondent)

BUCYRUS — Democratic and Republican party leaders in Crawford county are watching with considerable interest the outcome of contests for county offices in next Tuesday's election.

For the first time since 1928, three Republicans are holding county offices and Republicans are hopeful that they can make further inroads into courthouse posts to prove that the 1946 Republican landslide was indicative of a permanent GOP trend in the county.

Crawford county has elected only six Republican county officials in nearly 50 years.

Four Democrats have no Republican opposition for re-election. They are Common Pleas Judge C. U. Ahl, Clerk of Courts Joseph Royer, both of Bucyrus; Engineer Howard V. Horner of near Crestline, and Coroner O. H. Kackley, Galion physician.

Democratic incumbents seeking re-election include Prosecutor Leo J. Scanlon of Crestline, Treasurer Mae L. Kloepfer and Probate Judge Constance Keller, both of Bucyrus, Sheriff Ralph E. Schreck and Commissioner Walter Sargel, both of Galion, and Recorder Oliver Hartman of near Tiro.

GOP LINEUP

Republican nominees include: Prosecutor, Paul C. Kennedy, a Bucyrus World War II veteran; treasurer, H. M. Kurtz, Bucyrus merchant; recorder, Donald D. Flocken, a World War II veteran of Bucyrus; sheriff, Francis M. Powell, a Marine veteran of the last war and a resident of New Washington; commissioners, Amos R. Fralick, Bucyrus farmer, and Wilbur H. Magers, Crestline merchant.

State Rep. Drake is the only Republican incumbent and his Democratic opponent is Carl Baker, Tiro newspaperman. Roy Eichhorn, Whetstone township farmer, is the other Democratic commissioner nominee, incumbent Lawrence Heinlen having been defeated in the primaries.

Probate Judge Keller is opposed by Oliver K. Bender, Bucyrus attorney who entered the race as an independent.

The newly-formed Crawford county Republican Veterans' club has endorsed four Republican candidates, all World War II veterans. They are Kennedy, Drake, Flocken and Powell.

From where I sit ... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: *any one* can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

Employment Increase Predicted

Construction Jobs Expected to Slacken

C W. Handley manager of the Ohio State Employment Service office here, predicted today that employment in 40 major Mansfield firms will continue to rise moderately during the next few weeks The peak employment for the year 19.033, is expected to be reached by mid-November

Handley said employment gains in manufacturing will be general with the greatest number being hired in electrical appliance and rubber products factories.

Employment in these 40 firms jumped more than three per cent from July to 18 671 in September and reached a record high of 19 000 this month

Wholesalers and retailers plan to add some extra employes for the holiday rush Handley said Nearly 100 construction workers are expected to be released however, and further declines in construction work are expected following the usual seasonal trend he added Most of the extra workers in trade firms are expected to be laid off after the holidays but manufacturing employment will hold steady from November to January Handley continued

BELOW AVERAGE

There has been little change in the number of persons looking for jobs through the employment office, but Mansfield's percentage of job-seekers claiming unemployment benefits is only about one-third of the state's average, Handley said.

An analysis of job opportunities for women clerical workers in the Mansfield area showed that more than one-half were in firms with a work week longer than 40 hours About three-fourths of the jobs were restricted to experienced applicants Many firms required that the applicant be under 35 years of age

Average beginning earnings offered for women were approximately $30 a week. Highest paying positions were for secretaries at $200 a month and lowest for typists at $22 50 a week Most of the openings were for general office clerks, stenographers, cashiers, and grocery clerks.

A few factory jobs for women are available in this area Handley said The average starting rate for such jobs is 80 cents an hour Many of the factory openings require no experience Age ranges requested are from 18 years to a maximum of 40

4 Damage Actions Dismissed In County Common Pleas Court

Four suits have been dismissed in Common Pleas court, journal entries showed today.

One of the suits dismissed was a $50,000 action brought by Myrtle Mott against George Nasello, John Arvan, and the Mid-States Freight Lines, Inc., Chicago, as the result of an accident Nov. 19, 1945 on U. S. Route 30-N, east of Crestline. She claimed she received permanent injuries when the plaintiff's truck struck a car in which she was riding.

Also dismissed by the plaintiff was an action for $26,312, filed by Nicholas Mott, against the defendants, as the result of the same accident

Margaret Boyer, of 111 Lind avenue, dismissed a suit for $8,500 against James and Mary Metcalfe, 298 West Third, and the Ohio Fuel Gas company. The entry said the case had been settled. She had asked the sum for injuries, contending that she was overcome by gas leaking from a defective gas hot water heater in the basement of an apartment she rented from the Metcalfes

Also dismissed by the plaintiffs, who said the case had been settled, was an action filed by Carl and Arline Bertoch, 269 Parkway drive, against Clifford C. Laser, 54 State street.

They had asked that the defendant be enjoined from maintaining an embankment on their premises and from maintaining downspouts which discharged water on the plaintiffs' premises. They had also asked for $800 damages.

Two Charged With Theft From City

Alliance Auditor Short In Accounts

COLUMBUS — (UP) — State Auditor Joseph T. Ferguson today announced findings against two Alliance men in favor of the city for $6,245.65.

Ferguson charged that F. H. Greneisen, former Alliance city auditor, collected $1,794.43 in tax assessments not accounted for in the city treasury.

Greneisen and Al Polinori, operator of the Palm Garden Inn, were charged with receiving $4,451.22 in payment of eight false claims between April 6, 1946, and Nov. 10, 1947, according to the auditor.

The state official said "falsified vouchers were found on file to support the warrants issued to "Polinori's. He added that all the warrants were endorsed by Polinori.

Ferguson also informed the city in an examiners report that various parcels of real estate and lots from which tax assessments were cancelled and removed illegally by the city auditor could be reinstated on the tax lists.

The state auditor said that Polinori's testimony showed that "in spite of the fact his suspicious were aroused that Greneisen was engaged in wrong-doing, Polinori continued to assist him illegally in removing money from the public treasury by cashing the checks."

Sudden minute changes in the length of a day have been observed. For instance, it increased .0004 of a second in 1897 and decreased by a like amount in 1918.

French Take German City

FREIBURG, Germany — (AP) — German authorities are stewing in angry silence over what they call a "silent annexation" of German territory by France.

The "annexation," they charge, has taken place at Kehl, a strategically located German port on the east side of the Rhine opposite the French city of Strasbourg. It was a wartime battleground.

Despite the efforts of German politicians, the average German here has written off Kehl—which is capable of handling more than 2,500,000 tons of cargo a year—as a dead loss.

"Kehl," said a telephone operator asked for a connection. "That's no longer in Germany. You will have to call through Paris."

Taft-Hartley Law As Campaign Issue

APPEARANCE of intent among some labor leaders to place the Taft-Hartley law above all other considerations in this campaign, justifies discussion of some of the points involved in the opposing views on that subject.

In his desperate appeal to what is called "the labor vote" President Truman has advocated repeal of the Taft-Hartley Act, while Governor Dewey has contended that repeal would throw the nation back into those chaotic days of industrial strife which proved so detrimental to the general welfare.

It was in one of his recent major speeches that Governor Dewey placed special emphasis on this issue by telling in a clear and convincing way just what repeal of the Taft-Hartley law would mean.

In this speech Dewey expressed definite recognition of labor's rights to organize, to strike and to bargain collectively, and pledged support of those rights. But he also took into account labor's responsibilities as a unit in the American economy.

In endorsing the Taft-Hartley law Dewey pledged that his administration "would not retreat from any advances which have been made," and he also repeated that he would support any changes that would make the law "a better instrument for labor relations."

It was in his explanation of what repeal of the Taft-Hartley law would do that Dewey made his most telling points. Repeal, he pointed out, would abolish requirement for advance notice before a strike is called; it would destroy the requirement that unions and employers alike live up to contracts; it would nullify provisions giving union members the right to a report on their organization's financial transactions.

It would turn the clock back, he explained, to the days "when jurisdictional strikes could throw thousands out of work, and when communist-controlled organizations could command the help of the government of the United States."

Dewey said that the Truman administration now advocates repeal of the very law it has used seven times to settle disputes in the interest of public health and welfare, and termed repeal a step against the interest of the people, "and more particularly against the interest of labor."

However much some of the leaders of organized labor groups may argue otherwise, it seems quite likely that many of the union members whose votes they seek to control will do their own thinking before voting next Tuesday and, in marking their ballots, will be influenced by common sense rather than acting under direction of faulty thinkers.

World Government Idealistic Goal

BEGINNING to spread beyond Ohio, where it originated a year ago, is an organization called Workers for World Security. Members sign a pledge to work unceasingly for the development of a world government with sufficient strength and authority to prevent war.

While Americans think of themselves as leaders in the effort to organize the world for peace, we as a people may be no more prepared for such an organization than some of the other nations we think stand in the way. If all international obstacles were suddenly removed, and the United States were asked at once to enter into the treaties and lay aside the measure of sovereignty necessary to implement an effective world government, there might be considerable difficulty in obtaining the ratification of the Senate for all the required agreements.

A body of Americans pledged to promote a genuine world government could find plenty of work to do without going far afield.

Bender Represents Ohio In Congress

IN THE UNIQUE position of being Ohio's only congressman-at-large, George H. Bender, of Cleveland, has been elected to that post for five consecutive terms and is now the Republican nominee for re-election.

As a congressman-at-large, Bender represents the entire state of Ohio, rather than any particular district, and his qualifications, experience and traits of independent thinking and sound liberalism have made his service valuable, as is evidenced by appointment to various important committees —which would tend to make him one of the most influential members of the House during the next two years.

His Democratic opponent is Stephen M. Young, also of Cleveland, a former congressman-at-large.

The close contact of Congressman Bender with the legislative affairs of government in recent years and his display of sound judgment on controversial issues during his period of service argue for his return to Congress for another two-year term.

Small Town Creates Shrine

A FAMILY which contributed fifteen members to an army, three of them generals, certainly should not be forgotten. Ohio has done well, therefore, to create at Carrollton a shrine for the town's most famous sons, the "fighting McCooks," who rendered distinguished service in the War Between the States.

Carrollton, a town of 2,500 inhabitants, is more fortunate than most communities of its size in having produced so distinguished a family. Still almost every town has some notable son or daughter of whom to boast, yet whose former home or birthplace is neglected.

Congratulations to Harold Gray, the cartoonist, on the now assured recovery of Orphan Annie, as he would otherwise have lost a dependable meal ticket.

That feeling of suspense you have been noticing in recent days will probably be somewhat relieved by around 10 or 11 o'clock next Tuesday night.

Even the more easily frightened people are no longer disturbed by the thought that Henry Wallace might be elected president.

Where Dixiecrats Thrive

By THOMAS L. STOKES

COLUMBIA, S. C. — There is about South Carolina today the atmosphere of a conquered province.

It is in almost complete subjugation to the Dixiecrat movement, for which, of course, it has the self-supplied leader in its own Governor J. Strom Thurmond of whom, however, it has seen little of late. He has been chasing his will o' the wisp, the presidency, all over the South, while his supporters handle things here at home. Things are well in hand.

Historic parallels are never exact, nor are historic roles. However, in the Dixiecrats of today there is something of a mock and shabby replica of the "Red Shirts" of the 1870's who threw off carpet-bagger rule, except Governor Thurmond, of course, who is no Wade Hampton.

The tragedy of it all is that this sham revolution should happen in the middle years of the twentieth century when the slogans and oratorical flourishes of 85 years ago have such a hollow sound.

South Carolina truly has been led back to the past, and the Dixiecrat "Red Shirts" of today are just as sternly righteous in their attitude, just as overweening in their arrogance, just as ruthlessly hostile to the free spirit of democracy as were the carpet-bagger regimes of reconstruction.

You have the collaborationists of today, just as there were collaborationists then with the Yankee generals and carpet-baggers. These are the supposed Democratic leaders of the state, topped off in candidates for Congress, who are playing neutral between the now hostile Democratic factions here, afraid to speak out against the hypocrisy and demagoguery of their governor and his Dixiecrats. And afraid even to whisper the name of the leader of their party, Harry S. Truman, who happens to be president of the United States, as of today, and as he has been for over three years.

* * *

Savors of Underground.

THE movement for President Truman here is reminiscent of an underground, such an underground as Wade Hampton's lieutenants maintained in the seventies, with all the frustrations and anxieties of an underground movement.

Such as it is, it is unofficial in character.

Election methods here smack of those imposed upon a subjugated people. South Carolina has no secret ballot. The ballots are separate, and the voter has to ask for the ballot he wants when he enters the poling place.

Ordinarily in the past he was handed the regular Democratic ballot, unless he specified otherwise. At the coming election there are four ballots—states rights, regular Democrat, Republican, and Progressive party (Wallace). There is, however, no identification of the heads of the national tickets, only the names of candidates for Congress and the names of electors.

In the situation today in the state, with the Dixiecrats in command, it can be seen how the lack of secrecy can become a species of intimidation. It is feared also that at some poling places the Dixiecrat ballot may be the only one offered the voter.

South Carolina, as is well known, has gone through a recurrent series of attempts to re-establish the "white primary" that was outlawed by the Supreme Court. The last was stopped by a federal judge at Charleston, J. Waties Waring, who has thwarted others. This was a pledge to be required of every voter in order to qualify, that he was for segregation, patently unconstitutional. This pledge, which the federal judge wiped out by a temporary injunction, had been adopted by the state Democratic convention.

President Truman is no threat here at all, neither is Governor Dewey, though he will get a nice vote for a Republican in South Carolina. The state is very safe for Governor Thurmond and his Dixiecrats, and his vote here should rank second to that in Mississippi, banner Dixiecrat state of the four that will go for the splinter party next Tuesday. Alabama and Louisiana are the other two.

Washington Calling

That Illinois 'Machine'

By MARQUIS CHILDS

CHICAGO — The low point of a campaign that was low enough already has been reached here in this rip-roaring city that Carl Sandburg called "hog butcher to the world." It suggests a kind of political bankruptcy which Americans will ignore at their peril.

On the one hand was President Truman's demagogic speech. It was a crude appeal to the fears and suspicions of the racial minorities that live in Chicago's vast slums.

The words had been written for Candidate Truman and they were utterly out of character. That made the crudity of the appeal more glaring. It underscored the recklessness of the implication that the Republicans were preparing the way for a Hitler.

On the other side, we see Candidate Thomas E. Dewey embracing—going out of his way to embrace—Gov. Dwight Green and the Green political machine. This is in the face of the exposure of the corruption of the Green machine in a courageous newspaper, the St. Louis Post-Dispatch.

In column after column beginning in early August the Post-Dispatch has documented the rottenness of the Republican machine in this state. Those stories showed how gambling and vice paid tribute to the Green organization.

They supplemented the report of a committee of the legislature which showed a year ago how state institutions were being mulcted of millions of dollars. Expert observers believe the "take" of the Republican machine in this state is far greater than the craft of the Pendergast machine in Missouri at the height of its power.

What is the answer of the Green machine to these charges? It is to set up under the direction of State Attorney General George F. Barrett a grand jury investigation in Peoria, which ends by returning an indictment against Theodore C. Link, reporter who brought to light the charges against the governor.

That is pretty brazen behavior. In fact, it is so brazen that it may cost Green his re-election in a state that seems certain to go for Dewey.

* * *

Undercover Politics.

GREEN is the creature of the Chicago Tribune. Republican politicians, with good reason to know, say that three weeks before the Republican convention at Philadelphia Green made a deal with Dewey.

In return for delivering the Illinois delegation to Dewey at the right moment, Green was to be nominated vice-president, or if that could not be put over, then he would be made attorney general in the Dewey cabinet.

Shades of Harry M. Daugherty! But that little dream went glimmering. Col. McCormick of the Tribune stepped on it. Later at Philadelphia McCormick, in an interview, said Dewey was such a poor candidate he could not carry 10 states.

The Post-Dispatch, in a powerful editorial on Sunday, charged that the action of the grand jury in trying to muzzle its reporter was "an act brought by faithless politicians who know that a day of reckoning for their misrule in Illinois is at hand."

The Peoria Journal called it a "whitewash" deliberately intended to cover up evidence of crime and corruption uncovered by a previous grand jury.

To give its editorial wider currency, the Post-Dispatch paid to have it reprinted in a number of Illinois papers, including the Tribune, which has consistently distorted and played down the opposition campaign.

The irony is that the Democrats this year have an able candidate for governor and an able candidate for U. S. senator. Adlai Stevenson, whose career has taken him into many fields of activity, has a chance to beat Green. He has won wide support from Republicans sickened by the mess that Green has made in the state.

The Democratic candidate for the Senate is Paul Douglas, college professor and reform councilman in Chicago with a splendid combat record with the Marines. He has somewhat less of a chance to defeat Sen. C. Wayland Brooks, the Tribune's senator, who is clinging hard to Dewey's coattails in the hope of being pulled through.

As Cerf Tells It

Another AP dispatch that broke the monotony of a slow afternoon came from Buffalo, where a hook-and-ladder chief, attending a fire-prevention meeting, sniffed knowingly, announced "There's something burning around here," jumped to his feet, and discovered that his necktie was on fire.

Large Contributions Reveal Who's Who

By DREW PEARSON

LOS ANGELES — En route through the West all you have to do to get a picture of who's backing who in this campaign is to read the list of campaign contributors to the Republican and Democratic parties.

This is not quite as easy as it seems since you have to be careful to look up the contributors not only to the Republican national committee, but to the GOP Senate and congressional committees and to a host of state GOP committees. These were organized to diversify campaign contributions and get around the Hatch Act.

On the Democratic side, the really big money is coming from labor. And it, in turn, to get around the Taft-Hartley Act, is spending the money through its own separately-organized committees.

Also significant is the fact that the biggest GOP contributors — the duPonts of Delaware, the Pews of Pennsylvania, and the New York financial set are pouring their money not into Dewey's campaign, but into the senatorial races. They regard Dewey as good as elected.

* * *

Splitting Contributions.

CAREFUL scrutiny of the big money gifts is illuminating. Take one family alone — the duPonts. The Republican senatorial campaign committee is headed by a duPont henchman, ex-Senator John Townsend of Delaware. His job is to win GOP Senate elections in Tennessee, Oklahoma, New Mexico, Minnesota, Wyoming and Montana.

To help him, the duPont family poured in the following amounts of money during June, July and August: Lammott duPont $2,000; Irenee duPont jr., $2,000; Irenee duPont sr., $2,000; I. Sophie duPont May, $2,000; Octavia M. duPont Bredin, $1,000; Mariana M. duPont, $2,000; Lucille duPont Flint, $2,000; R. R. M. Carpenter (a duPont in-law) $2,000; Pierre S. duPont 3rd, $2,000.

Under the Hatch Act no one man can contribute more than $5,000. However, by splitting contributions between members of a family or between different committees of the same political party, the Hatch Ace is held not to be violated.

For instance, a few days before Lammot duPont gave $2,000 to the GOP senatorial committee on June 18 he gave $2,000 to the GOP national committee. This was on June 9. Also, on June 11, he gave $1,000 to the Republican congressional committee.

Also, while Irenee duPont, jr., and his father and I. Sophie duPont May were giving $2,000 each to the GOP senatorial committee on July 30, they also gave $2,000 each to the Republican national committee on July 9. Again, on July 14, the same three duPonts gave $1,000 to the GOP congressional committee.

And on July 30, Octavia duPont Bredin, Mariana duPont Silliman and Lucille duPont Flint each gave $1,000 to the GOP congressional committee, while on Aug. 2, Pierre S. duPont 3 gave $1,000 to the same committee. Again, on Aug. 18, Pierre 3rd gave $2,000 to the GOP national committee.

It's these gifts to the "side" committees which really tell the story of where the campaign money comes from.

* * *

Pat Hurley Campaign.

WHEN Pat Hurley, ex-ambassador to China, travels through New Mexico campaigning for the Senate, he really travels in style. The other day Pa Howell, owner of the Southern Pacific hotel in Carrizozo, New Mexico, was a little surprised to receive a wire from Hurley reserving ten rooms for a three-day stay.

The telegrams stated that he and Mrs. Hurley would need four rooms; their secretaries, chauffeurs and campaign managers six more. The telegram asked for telegraphic confirmation.

Pa Howell does not run a big hotel and he wondered why Pat Hurley would want to bring such a big retinue to a town of only 500 people. But he arranged to oust a couple of traveling salesmen, even though they were regular guests, and wired Hurley that the ten rooms would be ready.

However, when the Hurley political caravan arrived in Carrizozo, the ex-ambassador did not stay at the Southern Pacific hotel. His party stayed at Petty's Court on the edge of town.

Pa Howell was a bit surprised at this and phoned Hurley.

"I've held these rooms for you," he told the would-be senator. "In fact, I've kicked out some people to have them ready."

"You are entirely mistaken," boomed Hurley. "At no time did I ever ask you to reserve any rooms for me."

That ended that — except for one thing. When Hurley held his big campaign rally in Carrizozo, and most of the town's 500 people had gathered to hear him, Pa Howell got up and addressed the crowd. His speech was brief and to the point.

He merely read Hurley's telegram to him reserving the hotel rooms, his reply to Hurley, and a second Hurley telegram clinching the reservation.

"If a man can't keep his own hotel reservations straight," Pa Howell told the crowd of New Mexicans, "I don't see how he can keep straight the problems of New Mexico in the Senate."

Can You Imagine That!

By KENNETH L. DIXON

WASHINGTON — As if Messrs. Dewey, Warren and company weren't stirring up enough dissatisfaction about the state of things in Washington, comes now Mrs. Veronica Dengel demanding that there be some clothing changes made.

And with insults, yet! Sometimes, it hurts.

Washington women don't know how to dress, says Mrs. Dengel. Neither do the men. Furthermore, it's all the men's fault.

(Campaign years, we're just an old whipping-boy city, that's all. Seems like they don't leave us any pride at all.)

Words like she uses, you wouldn't expect from Mrs. Dengel, meeting her in person. She's very sweet and pleasant, bright-eyed and pretty-faced under a soft hat with a big black bow made out of some shiny stuff on top of it.

And she doesn't seem vicious when she says things — just sort of sad-like. It fools you. You don't realize what's happened until afterward, when you try to wiggle your ears.

She came down here from New York to give a lecture before some clubwomen. She's always doing things like that. She's a very busy woman. Teaches a course in "personal development for executive success" at New York University; writes books about how to hold your man; and runs a cosmetics company on the side.

Local news-lassies say those lectures of hers are quite the stuff, all about how to change from wallflower to social butterfly in no time at all and on government gals' pay, too, which is more than even Henry Wallace claims he can do.

However, Mrs. Dengel isn't running for anything. In fact, at a sort of news conference, she very cannily avoided comment on her personal politics. But the Democrats are suspicious.

After all, popping up here practically on the eve of election, with charges about how badly everybody dresses in Washington, and with a certain ex-haberdasher trying to keep from being deposed — well, what would you think?

* * *

"Confusion," That's the Word

BESIDES, Mrs. Dengel says people probably dress so badly here just because they're all mentally confused. Just thinking about it seems to make her sad as she talks.

"I have never seen such confused dressing as you have in Washington," she says, sounding every bit as mournful as Mr. Dewey talking about Mr. Truman's foreign policies. "In some of these government offices, I have seen girls in cotton dresses and girls in tight sweaters and skirts that are too short!"

Even some of the senators' wives don't know how to dress, she insists, although carefully refraining from mentioning which ones. Actually, though, she insists the whole business is the fault of the men — and here she really warms to her subject.

"You should see them! They go to the office in odd coats and pants. Not even sports jackets, mind you. Just odd coats that have no relation whatsoever to the pants!" she exclaims, courteously overlooking the involuntary flinching of certain reporters. "And you see them in nothing but stripes — striped suit, striped shirt, striped tie, striped socks. Why, some of them don't even wear hats!"

(Just because we can't vote here in Washington, they think they can say anything about us!)

So there you have it. Obviously, the executives of the present administration aren't setting a proper dressing example for their staff workers—Even though their chief is an old clothing store man himself.

That's all this campaign needed — a squabble over whether government gals should wear sweaters and short skirts to work!

Which way you gonna vote?

Dave Boone Says:

HARRY TRUMAN has taken to calling Tom Dewey a Hitler and a Mussolini, fronting for evil forces in America. It isn't like Harry to talk that way and I figure either the train travel is getting him or he is taking bad advice again.

* * *

When one American leader begins talking of another American like that most Americans tune out and switch to the soap operas which, as bad as they are, make a little more sense.

* * *

If it wasn't for the difference in voices you would almost think Hank Wallace was speaking, and it may be that Harry got one of his scripts by mistake.

Timely Editorial

Let's Not Be Gullible.

The sympathy understandably lavished on refugees escaping westward from the countries behind the Iron Curtain ought to be seasoned, at least on the part of the authorities, with a judicious pinch of skepticism.

There would be no easier way for the Russians to introduce undercover workers of various kinds into western lands than by this method. Nor is it giving the Kremlin too much credit for deviousness to suspect that it is being done.

Such brands snatched from the burning are subtly flattering to us of the democratic states, and to feel flattered is often to be soft-headed. Before we clasp any reformed communist to our collective bosoms we had better take a long look at him and then maybe several more looks.—Detroit News.

One Man's Opinion

—By WALTER KIERNAN

WE HAVE definite promises of third parties after the election from Mr. Wallace, Mr. Green and Mr. Reuther . . . Any others will have to wait their turn.

* * *

The feeling is that the two-party system has failed to deliver the peace, prosperity and progress of a multi-party system . . . as in France, Italy and other nations.

* * *

But if present splinter party plans work out, voting machines eventually will be 14 feet high . . . This will leave the balance of power with the short people of the country.

* * *

No candidate at the 10-foot level can hope for a majority unless he also makes step-ladders.

* * *

And as there are more short people than tall people in the country this will be one performance in which no one wants top billing if he can get fourth from the bottom.

Value In Load of Lime

By CALVIN A. BYERS

A LONG line of purple vetch grew last summer along a neighbor's road bank. It started after the heavy snowdrifts melted and spread along the roadside and the field for several hundred feet. I admired it. The neighbor shook his head.

"How happened it to come there is more'n I know," he said. "We figured out that it might been because a lime truck crashed into that bridge abutment and caved in a bottom board. After the wrecker towed him out, the truck drove on, with lime stringing along the road for a mile or so. Then the wind swept that dry lime along until the whole side of the road was white like flour . . . but the vetch must've been there, for nobody sowed it that I know of. Alsike and red clover are starting, too."

* * *

A DUTCHMAN who lived neighboring us when I was a boy did not see any use in liming the land. One time he was hauling a load of unslaked lime from a pit, when the wagon wheels mired down and the team refused to pull out the load. It began to rain.

The lime began to hiss and sputter. Wherever a piece had fallen upon the ground, a miniature volcano fumed. The team became excited and began to plunge and rear. The man had his hands full.

In desperation he loosened the team from the wagon and let them go home. Then he shoveled frantically, throwing off the load in a pile upon the ground. Drenched, with sore eyes and burning feet, he dragged himself home afterward. Nobody dared to tease him. The things he said about the value of that lime would not do to print, even after all these years.

But on that field, the next summer, alsike and red clover bloomed, and the accident convinced the farmer that lime was a friend to his land.

So he limed the rest of his farm—taking care to do it on sunshiny days—and began to grow dairy cattle. The last I knew he was comfortably fixed.

"Lime's a good thing," he says now, "but a man can get too much!"

Turkey Celebrates 25th Anniversary

ISTANBUL—(AP)—The Turkish republic, spawned of a revolution more violent in its social, cultural and political upheaval than in blood, is 25 years old today.

By force of his great personality and his well-armed compatriots, Mustafa Kemal Ataturk lifted his defeated and disillusioned people from despair and created what now has become a strong, vital nation tied firmly to the west.

Looking back across that quarter of a century, it is hard to find in history a parallel for what has been accomplished.

Ataturk uprooted almost overnight customs and traditions that had come down through medieval centuries. He not only did away with the Caliph and his control on government, but with religion itself. He changed from the Arabic to the Latin alphabet. He abolished the fez of the men and the veil of the women. He abolished polygamy, wiping out the harems of the Pashas. He emancipated women.

Reforms so sweeping were hard to impose. But the weight of Ataturk's revolutionary prestige and the iron fist he wielded did the job. Ruthlessly he smashed down all form of opposition and resistance. One morning the bodies of men dangled at the end of ropes tied to lamp pists on Galata bridge, which crosses the Golden Horn at Istanbul.

The Kurdish tribes rose in revolt in southeastern Anatolia. By the time Ataturk was through with them, several thousand were dead and a majoriy of the living resettled. Only two years ago was martial law finally lifted in that area.

Ataturk declared the new nation to be a republic and submitted a constitution based on Swiss, Italian and German codes. But of necessity he ran Turkey strictly as a one-man dictatorship.

Then, just before the start of the second war, he died and plunged his country into a period of mourning seldom known anywhere.

Ismet Inonu, who had fought beside him in the revolution and been his prime minister until the two men broke in the middle '30s, became president. But the spirit of the revolution and the man behind it carried on.

With the end of World War II, there was a resurgence of sentiment to do away finally with the dictatorial one-party regime and bring into actuality the parliamentary system provided in the constitution. In December of 1945 the government permitted creation of opposition parties and the republic held its first free general election the following July.

Just one year later, Inonu issued his famous declaration in which he called all men equal and entitled to the same rights. Political struggle, unknown heretofore, became part of the Turk's daily life. He has not reached political maturity as the Westerner knows it, but he has come a long way.

Psychologist Says Seven Is The Most Sensitive Age

SEVEN is the most sensitive age of your life, a Yale psychologist said today.

The child of seven is especially sensitive to praise and blame and will never afterward be so deeply influenced by the actions of his elders as at that age, according to Dr. Arnold Gesell, noted child psychology authority of the school of medicine, Yale university.

"The 15-month-old child tends to be demanding and assertive. At 18 months he is mobile and impulsive. At 21 months he lacks balance. At two years he is in better emotional and postural control," said Dr. Gesell, who will address the Second Symposium on Feelings and Emotions jointly sponsored by the Loyal Order of Moose and the University of Chicago.

The symposium will be held October 28, 29 and 30 at Moose Heart, Ill., and at the University of Chicago.

At the age of two and a half, a child normally exhibits extremes of aggressive and recessive behavior, but within the next six months improves in balance both as to expression and as to posture. Instability again sets in at the age of three and a half when the youngster's voice sometimes quavers and he begins to have frightening dreams or nightmares.

By the time a child reaches the age of four, however, he becomes boisterous and boastful, Dr. Gesell disclosed, and by five regains his poise. At six he may be excitable and given to contradictory actions and speeches. Seven is the sensitive age, and eight is the beginning of interest in the world outside himself.

Dr. Gessell is one of the 48 internationally known psychologists and psychiatrists who will present their findings at the Second Symposium on Feelings and Emotions, the first meeting of its kind since the Wittenberg conference, at Wittenberg college, Springfield, Ohio, in 1927.

Like the Wittenberg conference, the symposium has been organized by Dr. Martin L. Reymert, director of the Mooseheart Laboratory for Child Research, who will serve as general chairman. Assisting him will be Dr. Anton J. Carlson and Dr. James G. Miller, of the University of Chicago, and Dr. Herbert S. Langfeld, of Princeton university.

Carry Out Sandwich Feature Proves Popular

It is an old proverb that 'The Best Parties Just Happen' — quite frequently groups of folks just come together after the theater or a dance and decide to stop off at one of the homes for a brief hour's visit—being a good host or hostess, and still foregoing all the extra inconvenience of preparing and serving a lunch, they just phone 2685-4 Bethel's Stadium Inn, out West Fourth St. across from Arlin Stadium and have them prepare sufficient sandwiches, chicken, French fries, milk shakes, etc. for their informal gathering. Some member of the family makes the short drive out to Bethel's—the food is ready—brings them home, and 'Presto' a delightful mid-evening snack is being served at no added or extra work.

Horoscope

By GENEVIEVE KEMBLE

For Saturday, October 30

A LIVELY state of affairs, with all efforts speeded up to exciting and constructive climax either in new propositions or projects, in travel, change, pleasant contacts and agreements. The pursuit of pleasure for week-end holidays might also thrive under a happy stimulus of sidereal forces. However, it would be wise carefully to study and plan all performances, since there is a tricky undertone, calling for alertness and discretion. Look for the hidden factor, then act with finesse and strategem.

If It Is Your Birthday.

Those whose birthday it is, may prepare for a lively and eventful year with much stirring on new projects or in fresh fields of operation. The creative forces and faculties are under excellent stimuli for productive work, although there are suspicious or tricky undertones to cope with, and in a peremptory and drastic manner. Study carefully underlying factors, look for pitfalls and "catches," then proceed on a direct and forthright plan, although using tact and finesse. Subtlety and strategy might pay better than strife or friction. Similar tactics should also prevail in personal complications.

A child born on this day will be earnest, energetic and clever, but might also find it expedient to resort to the "easiest way."

Urges Higher Pay For Nurses

Higher pay and shorter hours for nurses were urged by Bernard Baruch in a letter to Pearl McIver, president of the American Nurses' Association, which has launched an economic security program in connection with the nation-wide Diamond Jubilee, November 14 to 20, celebrating the 75th anniversary of the nursing profession in this country.

TOP HAT FOR EVENING

Although the season for full evening formality has barely begun, fashion experts predict that American women will adopt the innovation of hats with ball gowns now being worn in Paris. At last year's opening of the Metropolitan Opera, bare-shouldered costumes topped with a tiny hat were worn by the glamorous Gladys Swarthout and Lily Pons. But the gala events of the 1948-49 season will see many new variations of the velvet, satin, lame, and bejeweled feather head-dress topping bare-shouldered gowns. Only a degree less formal will be the long, draped decollette dress worn with a dramatic velvet picture hat.

Dorothy Kilgallen

Voice of Broadway

SPEAKING FOR MYSELF

Psychologists have been toying with the theory that the return to long skirts and old songs is a manifestation of a desire to climb back into the peaceful days of the pre-atomic era, and I am beginning to think maybe they're right now that I hear of Louis Prima threatening to desert his famous trumpet and return to his old fiddle when he opens at the Carnival Friday night.

Louis began his musical career as a violin player in New Orleans when he was in his early teens, but he switched over to the more lusty horn department as soon as he could afford to buy a trumpet and take lessons from that other Louis, "Satchmo" Armstrong. His going back to bygone days may be forerunner of a serious trend.

Who knows? We may find Dorothy Lamour playing jockey to an elevator again. Bob Hope might turn up as a boxing ring opponent for Joe Louis, and Preston Sturges could go back into the cosmetics trade.

Of course, Harry Truman is ever so likely to get his opportunity to start peddling hats again—but can you picture Hildegarde playing the piano for DeMarcos? Well, it's a thought to kick around if you have nothing better to do.

* * *

You have to admit Bill Buckner knows how to live While all the other principals in those festivities at Vivienne Woolley-Harts' place have been submitting to considerable going-over by the gendarmerie and finger-wagging prosecutors, Bill has been sunning himself with apparently epic blitheness on the sands of Acapulco, calling Puk Paaris names via long distance telephone.

The most harassed of the left-behinds must contemplate the Buckner felicity for fun under any circumstances with considerable chilliness, if not downright grousing.

All he needs to do now to provide grounds for homicide is send to all his erstwhile colleagues in the gambling experiment colorful Mexican postcards bearing the legend, "Having Wonderful Time. Wish You Were Here."

* * *

The formula for fame is changing in Hollywood, I see. It used to be something involving a little talent, a lot of good looks, and the right proportion of luck, but now, you just have to show promise of being more than a little weird.

Not long ago, for example, Hollywood rolled out its slightly-the-worse-for-wear red carpet for a nude-footed Yogi from Brooklyn named Eden Arbez.

Eden wrote a better than average song, I'll admit, but you can bet that he'd never have had his picture put in the paper if he hadn't taken to the trees and developed the habit of riding Wilshire Boulevard buses dressed in a Yoga toga.

A little later there was Gorgeous George. He became an overnight rage by being the first wrestler on the Sunset Strip scene to think of perfuming the ring and getting himself a permanent wave.

* * *

Any researcher on the Broadway scene who wanted to learn just how tough things are in show business these days—for performers, that is—might do well to put a few casual questions to the people who answer calls for any and all kinds of jobs that border on entertainment.

Some days ago Henry Jerome, the bandleader, announced he would audition all comers for a vocalist job with his outfit, and there were 300 comers.

Claims Parents Are Justified In Misgivings Over Military Service

NEW YORK—General Devers, the chief of the army field forces, was put to the need the other day of pleading with the mothers of the oncoming generation of American men not to commit the crime of persuading their sons to violate the new draft law. General Devers had to promise that whatever the hour of his arrival at the training place, the recruit would be met by some considerate person.

General Devers is a professional soldier. That statement nowadays conjures a pompous parasite who needs from 250 to 250,000 American citizens to maintain his position at the sacrifice of their dignity, individuality, much of their freedom and, in the long run, perhaps their lives. Unfortunately, the second world war did lower the standards for American officers, and conduct occurred which justifies misgivings in parents and in the men themselves.

To illustrate some debilitating errors of conduct in the late war I refer again to a book called "Eisenhower Was My Boss," by Kay Summersby. As she puts it, Miss Summersby "gradually oozed into the circle" of Eisenhower's home and household in England, Africa and France. She was an English civilian driver of the swank, west end type, but bossed American officers with an assumption of derived authority.

Kay tells us that Ike retained her for his driver in London because, what with the blackout, the fogs and the detours in streets of a normally crazy pattern, an American soldier would not have done as well. That is just too juvenile for serious consideration, but Eisenhower had his chance to deny it and stood mute. It is a sorry commentary on the American soldier by his commanding general that he didn't think he could find one with the intelligence to learn his way.

Eisenhower took her to Africa for the invasion, which she already knew all about because, first, she overheard the "brass" talking it over in the back seat and, second, he told her it would happen in a month or so.

But, she says they used ruses to deceive American reporters and later, when the Normandy invasion was coming, an American major-general was busted, probably for good cause, and sent home in disgrace for gossiping about matters which Ike had confided to this British woman driver drawn out of a motor pool.

We must infer the character of Eisenhower's household companion, selected to relieve his boredom, from her own remarks. On the point of morals we find her writing that her reputation was lost and that a "small wicked voice inside me cries out: 'Next war, my girl, you may as well do all these things of which you're accused; they'll say you did, anyhow'."

I think that implies that public reputation rather than virtue itself matters with Miss Summersby.

Chinese Laundryman Shocked When Patron Issues Orders—In Chinese

BROADWAY HEARTBEAT

FACES ABOUT TOWN: Prima Donna Irra Petina (who was raised in Shanghai) telling an amazed midtown Chinese laundryman (in his native tongue) that her husband must have his shirts back by "tomollow." . . . John Talbot, who courted Lana Turner (for at least 3 days) groaning in his Loew's State seat every time Gene Kelly (on the screen) holds her tight. . . . Beatrice Lillie, Lena Horne and Lucille Ball at the Flying Lobster. The latter mixing her own sauces in the kitchen. . . . "Georgeous George" (The H'wood wrestler) in the St. Moritz foyer with his woopsy haircio in a 'kerchief to protect it from the naughty winds. . . . Mary McCarty, one of the Stars of Tomorrow (in "Small Wonder"), "put out on the street" because the Savoy-Plazoo could help her only 10 days. Some day they'll be sorree!

Sallies in Our Alley: Latest Zanuck silly is about the Go-Getter who barged in on Mr. Big and said: "Darryl, you need an assistant to relieve you of some of your work!" . . . "You're so right!" exclaimed Zanuck. "Start biting my fingernails." . . . Artie Shaw, now melting from "Amber," was leaving Lindy's. . . . "There," niftied Henny Youngman, "goes the great star of Stgea, Screen and Reno."

United Nations in the Stork Club: These young ladies work there as hatchicks, phone gals, ciggie-sellers and photogs: Mary Gillan (Irish), "Pat" Walters (Bridish), Henny Rasch (Swiss), Yetta Golove (Jewish), Nina Adamchuck (Russian), Severa Majestic (German), Mary Sanford (English), Vickie Kincaid (Scotch), Wanda Koscavage (Polish), Lillian Stefano (Italian), Helen Strautz (German) and Ruth Burns (Colleen. . . .) All, of course, are Yankee Doodles.

Memos of a Midnighter: "Howdy, Mr. Ice" is the big exception to the current show-biz dive. It did $47,000 last week, making it Broadway's top grosser. The week before (with nine perfs) it did 53 Gs. . . . Mark Barron of the Associated Press and Belle Shikiarides also of the AP (she Grikk gull?), wed at Jean Dalrymple's shack Friday. . . . Sorry to hear about the boss of Howie's passing. He was a good pal to the Runyon Fund. . . . J. E. Hoover (the G-man) is out of bed, legs still shaky, lost 20 lbs. (he was getting too plump, anyhow) but he adds: "Not laying off any three months, altho' I should!" . . . Jack Bell of AP and Merriman Smith of UP, White House reporters, were sent to cover Dewey at the Waldorf and then couldn't convince some dope at the rope to let them in. So they went over to the Stork Club—where the real news is.

Midtown Vignette: In Sardi's yesterday producer Kermit Bloomgarden was being bored by a well-wisher, who offered: "You'll have to change the title of your new show, 'Death of a Salesman,' because people don't like to walk up to the box-office and say: 'Gimme two for Death.' You oughta know that, Kermit" . . . You could be right," Kermit agreed, "but what about my other new play with 'Death' in it, 'The Naked and the Dead'?" . . . "Oh, but that's fine because it's so great," was the reply logical. "Everybody'll love going up to the box-office to say: 'Gimme two for Naked'!"

Sounds in the Night: In Reuben's: "This sure is a powerful kicktail." . . . At the Village Vanguard: "She lives in the past—a typical has-binge." . . . At Eddie Condon's: "Gwan, you're not even a real phony!" . . . At the Avalon: "The only thing you can get for a nickel in New York today is a wrong number!" . . . In the B'way Throng: "Look at all the people who think they're alive."

34 Persons Apply For City Berths

Civil Service Blanks Issued

Thirty four persons applied for 14 different categories of municipal jobs last night, Tom Woodard, chairman of the civil service commission said today.

They received application blanks and will take the examinations on Nov. 4 at John Simpson junior high school.

Woodard reported the following number of applications received:

Four patrolmen, three firemen, two policewomen, one sanitary sewer inspector, one police clerk-stenographer, one water department collector and meter reader, two sewage disposal plant operators, one painter, one painter's helper, two meter repairmen, six Class "A" laborers, seven truck drivers, three truck driver's helpers and one assistant school custodian.

Miss Ruth Craig at present holds a probationary appointment as city policewoman, but apparently someone else is interested in the position.

Woodard said the commission does not release the names of those who apply because it does not wish to jeopardize their positions with their present employers.

Baltes Gets Highway Job

The bid of $487,009.40 submitted by A. J. Baltes, Inc., Norwalk, for the construction of State Route 13 around the new Municipal Airport has been accepted by the state board of awards.

The project calls for grading, constructing drainage structures, and paving with asphaltic concrete on waterbound macadam of 3.695 miles of the highway. Estimated cost of the job was $549,000. The date of completion is Nov. 30, 1949.

The contract for grading, draining, widening with waterbound macadam, and surfacing with a bituminous road mix of 0.918 mile of State Route 162 in North Fairfield has been awarded to Elmer Borchardt, Inc., of Castalia. The bid was $22,343.25. The estimated cost was $21,320.

Also awarded the Baltes firm was a contract for improving 1.638 miles of State Route 3 and U. S. Route 36 in Clinton township, Knox county. The road will be graded and paved with reinforced concrete, drainage structures will be built, and a steel beam bridge will be built over Dry Run. The bid was $300,310.40. The estimated cost was $298,000.

A. R. McBride, Mansfield, R. D. 1, yesterday filed suit for $300 for car damages against Lee Fisher, Mansfield, R. D. 1. ¼ ¼

The petition, filed in common pleas court, says that sum represents the amount of damages and loss of use of the car sustained by McBride as the result of an accident.

He contends that Fisher was negligent when their cars collided Aug. 23 at Bowman street and the Amoy Pavonia road. McBride's son, Dan, was driving, the petition states.

Plants Challenged To Protect Workers

Modern safety is management's job and good management no longer expects a long toll of casualties.

That statement was made last night by James E. Trainer, director and vice president of production at the Firestone Tire and Rubber company, before more than 150 guests at the Fourth Annual Mansfield Safety conference dinner at the Mansfield-Leland hotel.

As a point of comparison, Trainer said the loss of 150 lives on a job like the Hoover Dam a few years ago, was not considered startling. Harry Dailey, program chairman, introduced Trainer.

George L. Coffinberry, chairman of the Industrial Commission of Ohio, presented safety awards to Mansfield organizations and firms for outstanding safety records in 1947. They were Principal Glen Rohleder of Mansfield Senior high school, Chief L. J. Steele of the Mansfield fire department, L. R. Wittemire of Mansfield Telephone company, C. L. Sloan of the Axtel Dairy, George Reichert of Service Taxi, Sam Shapiro of Dominion Electric company, John Conard of Richland Shale Brick company, Gordon Schwan of Swan Cleaners, R. E. Wentworth of Brandenburg Chevrolet, W. L. Faulkner of Kobacker's, Donald Mason of Balyeat Manufacturing company, and G. A. Glausser of The Mansfield News-Journal.

Attending the afternoon conference were approximately 200 northcentral Ohio safety men. Municipal Judge H. H. Schettler introduced the principal speakers of the afternoon.

CITES DUST HAZARD

"Let's Take the Dust Out of Industry" was the topic of Don Hanna, safety adviser of the Division of Safety and Hygiene, State Industrial commission.

Hanna gave a detailed list of dust-ridding techniques and proved that it is actually cheaper for industry to use preventative measures, thereby increasing production and lessening time lost.

"Safety must be sold," declared Hudson W. Reed jr., "and the use of ballyhoo, change of pace, and good salesmanship is just as important in safety selling as it is in any other line."

Reed, director of industrial relations at the Warren American Welding company, told the group that at his plant funeral crepe is hung on the door of the foreman whose department has an injury. Results are good, added Reed, for in the week that the crepe is up, the foreman gets a lot of ribbing.

Ohio's terrific traffic toll was discussed by Harry E. Neal, chief engineer of the division of traffic and safety of the Ohio department of highways.

Gerald Coron, safety services director of the Mansfield Red Cross chapter, talked on first aid in home and traffic safety. An exhibit of safety devices was on display in the hotel mezzanine during the day's activities and company experts were on hand to give a detailed account of how and for what they were used.

The conference was sponsored by the Division of Safety and Hygiene of the Industrial Commission of Ohio and the Safety council of the Mansfield Chamber of Commerce.

Family Gets Help

Members of the H. R. Heinberger family are finding that "neighbors," whether they be organizations or individuals, are mighty nice to have in time of trouble.

Since their house burned Tuesday afternoon they've been finding help from a number of sources.

The Richland county chapter of Red Cross turned over to them a check of $55, to supply their immediate food needs and to buy shoes for the family.

In addition Mansfield residents have provided clothing for the family and the Volunteers of America has helped them find furniture for a new home.

The Heinbergers are tenant farmers on the Maxwalton farm southeast of the city. They lost nearly everything, including a new washer, piano and 175 cans of fruit, in the fire which destroyed their 10-room home.

Dr. Horace G. Smithy, the 35-year-old surgeon of Charleston, S. C., who died yesterday, was the surgeon who performed the delicate heart operation on Mrs. Fred Mumaw of Akron, a sister of Mrs. John Schampier, of Mansfield. Dr. Smithy gave his life in research for a more improved way to cure a diseased heart caused by rheumatic fever. He was a victim of the ailment for which he sought a cure for others. He worked until almost the end dictating a paper to be read before the American Association of Chest Physicians, which met Monday in Miami, Fla., and for which he received an ovation. He was still alive when news of the ovation reached him. Among his operations for the heart condition was one on Betty Lee Woolridge, 21, of Canton, who survived. Although the heart operation on Mrs. Mumaw last March was successful, she died later of pneumonia.

Shoppers Find Pork Cheaper

Some Cuts Down 10 Cents

Mansfield housewives will find their meat bill a little lower this week end, the city's meat dealers indicated today.

Meat in Mansfield retail markets was selling at prices from 10 to 20 cents a pound lower today than the record highs of August.

The most noticeable decrease is in pork. One dealer said he was selling ham today for 75 cents a pound which had retailed for 85 cents a pound last week.

Pork chops are selling for 57 cents to 85 cents a pound, depending upon the cut and grade of meat. Pork roasts are 60 and 65 cents a pound. One dealer is advertising smoked hams for as low as 53 cents a pound.

Prices for sliced bacon range from 55 to 59 cents a pound. In June it was selling for 70 cents a pound.

Beef prices have remained fairly steady since the first drop in price earlier this month. Steaks are bringing from 79 to 90 cents a pound. In August steak prices were as high as $1.09 a pound.

Pork was lower in the New York wholesale market and there were declines in lamb, veal, and chicken.

COFFEE UP

The only blemish on the picture of lower prices came from four coffee firms who marked wholesale prices up one to two cents a pound early this week.

Members of the American Institute of Food Distribution were asked, "How far will the decline in food prices go?"

Replies by chain stores showed that they feel that the average of retail-grocery prices will go down a little further, but not far, in the next six months. They expect most of the drops to be in "excessively priced items like canned fish."

Wholesale grocers, on the other hand, feel differently. They said that retail stores aren't buying as freely as they were a year ago and that the demand from eating places is definitely off.

The Dun and Bradstreet wholesale food index declined this week to a new 1948 low of $6.47 after holding at $6.48 for two weeks. The index a year ago was $6.78. It represents the total cost of a pound at wholesale of 31 foods in general use.

Among the foods which were listed as declining in price this week are corn, lard, butter, peanuts, cheese, raisins, prunes, hogs, and lambs.

Vandals On Loose

A new outbreak of Halloween vandalism kept police and county officers busy last night and early this morning.

Frank Phillips, 46½ Douglas avenue, reported to police at 1 a. m. today that vandals had torn the chrome stripping from the hood of his car. Phillips said his car was parked at Second and Adams streets.

Robert Tom of State Route 603, south of Lucas, reported to sheriff's office last night that four boys had burned three corn shocks in his field. Tom got the license number of the car in which the boys were riding and turned the number in to the sheriff's office.

At 7:56 p. m. Mrs. Kathryn Scheurer of 319 East Fourth street reported to police that several boys had thrown confetti on her porch. Police found one boy and he promised to sweep the porch.

William Heichel, 474 Cline avenue, called police at 10:10 p. m. to report Halloweeners in his neighborhood. Police investigated but found no one.

A short time later Earl Black, 986 Woodland road, reported to police that Halloweeners had let the air out of the car of a friend who was visiting him.

At 12:08 a. m. today Mrs. Leonard Long, 614 South Diamond street, reported that Halloweeners had thrown tomatoes on the porch of her home.

Record Royalties Help Pay For Music at Recreation Dance

The dance at Johns park Wednesday night wasn't going so well, until someone with an eye to business announced the free event over the loud-speaker at the Appleseed - Simpson game. After the game dozens of teen-agers thronged the pavilion at Johns park.

The dance was the first of five planned by the City Recreation department in cooperation with the Johns Park Dancing club and the Mansfield local, American Federation of Musicians.

At least 500 danced until the orchestra stopped playing at 11 p. m. Then the juke box was turned on for another half hour, according to J. R. Stevenson, president of the Johns Park association.

Music for the dance was provided by Eddie Wadman's orchestra, members of which are paid by the musicians' local out of a fund set aside for free concerts and dances. Proceeds of this fund are derived from record royalties, Stevenson said.

He announced also that dances are held each Wednesday at the pavilion, with juke box music. The dances are chaperoned by Stevenson and Jack Shay, president of the dancing club. There is dancing from 8 to 10:30 p. m.

Undercover Talkers Advise 'Arm Western Germany' Move

Would Form Buffer Army Of Germans

Experts Concerned Over Red Policemen

BERLIN — (U.P.) — When American military men here talk privately about the possibility of war with Russia, someone always whispers

"Why not rearm the Germans right now.'

They whisper it because an American officer who made such a suggestion publicly almost certainly would be reprimanded, and might even be transferred to another post.

But the talk goes on

The idea would be to form a buffer army out of the 50 000,000 Germans in the three western zones This army would provide the shock-troops when and if the Red army marched westward. Men who are advocating this believe that the western Germans are ready and willing to organize such an army

It is argued that Soviet action in building a powerful police army in the Russian zone of Germany provides a valid reason for arming the western Germans against a possible Communist push.

France in particular would be outraged by even a hint that Anglo-American officials were entertaining the idea A decision to carry out such a plan might wreck the coalition of the western nations.

Twice in 30 years France has suffered heavily from a militarized Germany. When German power was smashed at the end of World War II, French leaders vowed it should not rise again, and the western allies agreed.

But U S men here, joined by an increasing number of British officers say they are thinking now in terms of a greater menace

Backers of the "arm Western Germany" idea believe the 50,000,000 western zone Germans hold the balance of power in Europe. If they swing to Communism, these men say, then all Europe will go Red If they can be built into a strong democracy, the argument continues, then the Communist advance to the west can be halted.

Goals Still Set By Caste

IOWA CITY, Ia. (U.P.)—A social caste system still plays a part in American education, a study by a University of Iowa student indicates.

Albert H Hieronymus interviewed several hundred Iowa high school freshmen for a thesis for his doctor of philosophy degree He found that a youngster's "social class" has considerably more to do with the level of education he expects to reach than does his intelligence.

For example, only a small percentage of the highly intelligent students whose fathers were laborers expected to continue their education beyond the high school level. Hieronymus found that few of them expected any higher position in life than their fathers held.

Very early in life, Hieronymus maintains, children "learn their place" in society. While a few of humble parentage reach the top, most base their future plans on the standards and ideals of their own social group.

There are motion pictures in almost 10,000 U S towns and cities.

Plan to Dismantle O. and M. Railroad

WASHINGTON—(AP)—The Interstate Commerce commission was asked yesterday for permission to abandon 23 miles of trackage of the Ohio & Morenci railroad company in Lucas and Fulton counties, Ohio, and Lenawee county, Mich. The company said it planned to dismantle the line.

Turkish Army Using Women

ISTANBUL (U.P.)—Turkish women are taking military training and learning how to shoot guns for the first time in the country's modern history.

The program began last year with simple nurse training under military supervision.

It is a war-time measure, but Turkish officials are thinking in terms of preparedness. They saw how America and England made good use of women in their armies during the war and decided it was time for Turkish women to learn how to defend their country.

Light Metal In Production

WILMINGTON, Del (U.P.)—The manufacture of titaium metal, a light, strong material comparable to stainless steel, has been begun by the duPont Co.

The metal, silver white and highly resistant to corrosion, is being produced on a small scale at the company's pigments department plant at Newport, Del.

It is less than twice as heavy as aluminum, but several times as strong. Most likely it will be used in manufacturing high speed planes and industrial machinery, such as printing presses and textile equipment.

BASE HOUSES FAMILIES

HOULTON, Me. (U.P.)—An air base here which also was used as a war prisoners' camp during World War II now is the home of 14 families. The base was converted into a village after being returned to the town by the federal government.

Juvenile Delinquency

Juvenile delinquency is high in Richland County and today is one of the great problems before our community.

The solution, in my humble opinion—the only sure solution of the crime situation of which we complain, is EDUCATION and OPPORTUNITY.

Education and opportunity have caused progress and prosperity and have created mental and moral enlightenment among our people; and if we want MORE progress and MORE enlightenment and MORE morality and less criminality, we must have more EDUCATION and more OPPORTUNITY.

Very few criminals are criminals from choice. Most of them are criminals through force of circumstances.

Have you as citizens, ever gone through the portions of our communities here in Richland County where people are ill housed, ill fed, lacking medical attention and living in slum circumstances, and wondered how good, how noble, how honest, how pure, how fine or even how decent YOU would have been if YOU had been raised in that environment?

We can control environment. Adults CAN AND WILL BE PUNISHED in Richland County for the neglect of their children, but only Education and Opportunity will in the end eliminate criminality.

It is for YOU, the people of this community, to provide ADEQUATE EDUCATION and support all school systems. It is for you to support the church of your choice, to insist that all parents give to their children the opportunity to attend church and worship God as they see fit, to support all organizations interested in the upbuilding of our youth. (Boy Scouts, Girl Scouts, etc.) If this is done, honest and able American citizens will be created where criminals now grow.

If elected your Prosecuting Attorney, I shall endeavor to cooperate with Judge S. H. Cramer of the Juvenile Court and the heads of other interested agencies in formulating a program that will promote the welfare of youth in this community.

Chamber Elects G. Reed Page

ASHLAND—G. Reed Page, Ashland automobile dealer, is the newly-elected president of the Ashland Chamber of Commerce. He was named at the reorganization meeting of the C. of C. board of directors at its meeting this week.

Page succeeds Harry Eaton who served as president during the past year. Eaton was the first president of the newly-revived C. of C. which had been dormant during the war years.

Other officers elected include: A. Ross Siverling, vice president; L. F. Woefling, secretary and Raymond Lutz, treasurer. Joseph McClure was reappointed executive secretary for another one-year term.

New Railroad Signal Ends Crossing Danger

ASHLAND — One of Ashland's most dangerous railroad crossings was equipped with a flasher signal this week by the Erie railroad which installed the signal at the Ninth street crossing.

The crossing has been subject of requests by several city administrations because of the heavy industrial traffic moving over it from the nearby factory district.

Shelby Chest Goal Not Met

SHELBY—With the local Community Chest campaign closing today, the goal of $10,750 appeared out of immediate reach.

This was announced last night as Dudley Seltzer, fund treasurer, announced total contributions to date amounted to $3,750.

Mr. Seltzer is confident the drive will go over the top in that most payroll deduction plan pledges still were outstanding. On the whole contributions are about the same as last year, he reported.

The amount reported last night represents a third of individual pledges, 50 per cent of the downtown section, a third of the factories and 25 per cent of the institutions.

The death rate of U.S. troops in the United States in 1947 was 30 per cent lower than in 1939.

Fear Causes Mothers Pain, Report Asserts

Doctors Develop Painless Childbirth

NEW HAVEN—(AP)—Most women could have their babies with little or no anesthetic, and still not have unbearable pain, a study here finds.

The secret lies in a training program in which banishing fear is a major point. Fear causes tension, and tension "is the chief cause of pain in normal labor."

The report is made by Dr. Frederick W. Goodrich and Dr. Herbert Thoms of Yale university Medical School in the November issue of the American Journal of Obstetrics and Gynecology.

Fear, they explained, causes anxiety and tension. The tension and fear can affect certain muscles in the neck of the uterus. These muscles must expand or dilate, but the tension makes them tend to contract. This contraction, coming when other muscles in the uterus are contracting as they should, causes pain.

All this pain, except at the very latest stage of the expansion, largely can be avoided by education to eliminate fear, the report declares.

"In most women, such fear can be reduced so that pain and discomfort can be eliminated to a degree that a woman is willing and able to accept.

"In our study, we have delivered five women who have steadfastly denied on repeated questioning that they felt anything which could be classified even as discomfort. These women were alike only in that they appeared completely fearless during labor."

When they came to the clinic, the women are given the usual care, but they also attend lectures on childbirth. They are told all the facts of childbirth which is described as a completely natural process. The word "pain" is not used. Nurses and other attendants in the obstetric clinic and ward also are educated in these same "positive" attitudes.

During labor, the woman is told exactly how she is progressing. Hushed tones, and over-sympathy are avoided.

Secondly, she is never permitted to be alone. This is important, Dr. Thoms said. The nurse or doctor is always present.

"Natural childbirth techniques offer decided advantages to mother and child and are psychologically desirable for most women," they conclude.

They quote one woman as saying that she would "never let my daughter grow up and be afraid of having a baby."

A 1911 SEWER SYSTEM FOR A 1948 CITY

THAT IS WHAT MANSFIELD IS BURDENED WITH

OUR CITY HAS 42,000 POPULATION

But Our Present Sewers Were Built to Accommodate the Needs of a City of Only 27,000

Mansfield's present sewer system was first laid down in 1911 when the city had a population of 13,000. The system provided for the needs of a city of 27,000 but as the years passed the population grew far beyond that figure and today our sewers are taxed to capacity. The northwest and southwest sections of Mansfield have multiplied in population several times over but they still continue to be served by two antiquated 12-inch sewers. Needless to say, they are heavily overloaded, and it is only a question of a short time before their efficiency breaks down entirely.

Thru the efforts of Mayor Roy A. Vaughn plans have been made to remedy our overloaded sewer system. The needs have been analyzed and the most immediate and essential requirements will be taken care of by this proposed $500,000 Bond Issue. This Bond Issue is not for the purpose of extending the present system but to repair and augment it; so that it will at least take care of our present needs.

IMMEDIATE IMPROVEMENTS MUST BE MADE TO OUR SANITARY AND STORM WATER SEWER SYSTEMS

Mansfield Post Office to Get Larger Allotments of Stamps

Stamp collectors will no longer have to rush to the post office early to be sure of getting their supply of the new commemorative stamps.

Curtis L. Ford, acting postmaster, announced today that the post office's former allotment of 20,000 stamps of each commemorative issue has been restored.

For the past few months the post office has received only 5,000 stamps of each commemorative issue. The stamps were sold on a "first come" basis, and many collectors were disappointed when they arrived too late.

Ford said that the new allotment will go into effect when the post office receives the Juliet Lowe commemorative stamp. The post office expects to receive its supply of this stamp about Nov. 20.

Five Enlist For Navy Duty

Five men from the Mansfield area have enlisted in the Navy, the recruiting office announced today.

They include: Lynden E. Orsgorne, Mt. Gilead, R. D. 2; Floyd G. Smith, Loudonville, star route; Merle B. Schisler, Lucas, R. D. 1, and Gilbert A. Grady, Cardington, for three-year periods and Joseph Loch, 20 South Foster street, Mansfield, for a one-year period.

They have been sent to the Great Lakes Naval Training station for recruit training.

THE CALENDAR on the wall informs us of a sad and lamented fact. . . . Just about one month remains in this merry high school and college 1948 football chase. . . . Of course, there'll be some pro games and scads of those bowl affairs to taper off on. . . . Although we hate to see the gridiron season on the wane, it's coming at an opportune time. . . . The stogie which we use to slightly forecast the outcome of college games is more than somewhat soggy. . . . If it limps through the final month, we will be more than happy. . . . Things got a little better last week as the puffs spelled 67 right, 18 wrong and three ties. . . . That makes the seasonal standing read 310-100-18. . . . There's a whole slew of toughies on this week's college slate. . . . And the lads in the know seem to say Ohio State will lose to Northwestern. . . . Well, both of these teams can still sniff that Rose Bowl trip. . . . With that as an incentive, we figure that the Bucks will kick the dope bucket around a bit. . . . Here's the whole batch of college picks:

Morningstar Hopes For Rebounding

Mansfield Senior high school footballers will be favored to rack up their fifth victory in seven 1948 games tonight when they tangle with Dayton Kiser at Arlin field.

Game time is again 8 p. m.

Moms and Dads of the players will be honored at pre-game and half-time ceremonies. The Tyger band and the Tyger booster club entertainment committee has cookd up another "surprise" program.

SPECIAL BENCH

The fathers will sit on a special bench on the field and will wear numbers corresponding with those of their sons. The mothers will sit in the stands as usual.

Coach Augie Morningstar this morning was hoping that his team would rebound in good shape after their loss to Massillon last week. "Dayton will really be up for us," he said. "Our scouts report if we play good ball we should win."

Two changes in the Bengal starting lineup were announced. George Russell, the 1947 center regular, will get his first starting assignment Soph Walt Maurer, who has opened the last five games, will alternate with Russell.

Clever Lou Gregorio will open in place of the injured Tommy Tucker. However, the Tygers' speed boy will be ready for spot assignments.

READY FOR RELIEF

The other injured player—End Bernie Weaver—is expected to start. His amount of service will depend on the way the game goes. Lanky Jack Bargahiser will be ready for relief work

The gold-uniformed Kiser team is defending Dayton city champ and has won three of six this year The Panthers will check in about the same weight as the Bengals.

All of the Kiser victories have been over Dayton opposition.

Senior high has now won four of five from Ohio competition.

Willie Pep Goes Against Saddler

NEW YORK—(U.P.)—Wee Willie Pep, a great featherweight champion, was scheduled to defend his world title tonight at Madison Square Garden against Sandy Saddler, the dangerous Negro challenger whom he had evaded nearly two years.

Pep, 25, accepted tonight's 15-round bout with the slender but explosive Harlem Negro because he felt that, at last, he had recovered completely from a nearly fatal airplane accident, suffered in January, 1947.

BUFFALO, N. Y.—(AP)— Whitworth Ferguson, president of the Park Country club, swears this golf story is true·

He was playing in a foursome on the 10th hole when he noticed a helicopter hovering in the neighborhood. As the foursome walked toward the green, the 'copter dropped low and the pilot reached out, plucked the pin from the cup and withdrew discreetly while the foursome putted out.

As the golfers left the green, the 'copter returned, the pilot replaced the pin and whirled away.

Senior High Thinlies Set For Defense

Mansfield Senior high school's crack cross country team defends its district championship tomorrow morning at Toledo's Ottawa park.

The Tyger harriers of Coach Harry Mehock have won four of the past five district titles and have a good chance to place one-two in the 1948 championship. Three members of last year's team —Al Poorman, Rudy Sheetz and Jim Kibler—will be running again tomorrow.

The trio qualified for the district yesterday as the Bengal thinclads tied unbeaten Dayton Dunbar, 28 to 28, at the Coolridge course. Mansfield has now won 21 of 23 meets over the last three years.

PASSES TYGER

Lynn Owens, Ohio 880-yard champion, passed Sheetz 50 yards from the tape to grab first place yesterday in the fast time of 11 min., 15 sec. Owens was fifth in state harrier competition in 1947.

Third place went to Boddie of the visitors with Paul Hammond coming in fourth. Hammond, a middle-distance ace in track and a former football letterman, joined the squad just last week. Yesterday's race was his first cross country competition.

Poorman notched a sixth, Jerry Gerrell was seventh and Jack Howell completed the scorers in ninth place George Middlebrook took tenth and Kibler, 12th, to qualify for the district.

The state competition will be staged over the Coolridge course, Nov. 6.

The order of finish follows:	
Mansfield	Dayton
2 Sheetz	1 Owens
4 Hammond	3 Boddie
6 Poorman	5 Culbreath
7 Gerrell	8 Henderson
9 Howell	11 Oliver
28 Points	28 Points

Shelby Eleven Takes to Road

SHELBY — The Shelby Whippets will travel to Norwalk tonight to battle the Truckers and try for another league victory.

Although the Norwalk gridders are rated from two to three touchdowns better than the Whippets, Shelby may give the Truckers the surprise of the year.

Last week Norwalk shellacked Willard, 38 to 0. Earlier this year the Whippets were beaten by Willard. Howeven, Willard was riddled by injuries in the game with Norwalk.

If the defensive play of the Whippets is up to last week's game against Bellevue, Norwalk may find itself on the short end of the score.

Gene Bearden Gets No. 1 Rookie Award

NEW YORK—(AP)—Gene Bearden, the stylish southpaw pitcher of the Cleveland Indians, joined Shortstop Al Dark of the Boston Braves as the major leagues' No. 1 rookies of 1948.

Bearden yesterday was given the American league distinction in a nationwide poll conducted by the Associated Press.

The 28-year-old native of Lexa, Ark., who now makes his home in Los Angeles, had much stiffer competition than Dark, who was named on 160 of the 220 ballots. The knuckle-ball artist received 90 votes to nose out Billy Goodman, Boston Red Sox first baseman, by two votes

Nine other players received support. Lou Brissie, southpaw pitcher of the Philadelphia Athletics, ranked third with 15 votes. Satchell Paige, Cleveland's legendary Negro pitcher, was fourth with 12

No other player received more than four votes. Bob Porterfield, New York Yankees' pitcher, got four, Mel Parnell, Red Sox lefthander, three, George Vico, Detroit first baseman; Larry Doby, Cleveland outfielder, and Johnny Lipon, Tiger shortstop, two each; and First Baseman Hank Arft and Pitcher Ned Garver, both of the St. Louis Browns, one.

DOBY NOT ELIGIBLE

Doby was not listed among the eligibles for rookie honors since he played in a sufficient number of games to qualify in 1947. That, undoubtedly, was the reason for his low total.

The handsome, curly-haired exsailor gained the award because of his consistently fine pitching all season. He finished with a record of 20 victories and only seven defeats.

Bearden wound up the season in a blaze of glory, winning his last seven starts including the epic playoff game with Boston for the American league pennant He also hurled a shutout victory over the Braves in the world series and saved the last game with a great bit of relief pitching.

Goodman, a 22-year-old youngster from Concord, N. C, batted .312 for the Red Sox in 127 games Although he never played first base before last season, the southern lad performed as if he had been there all his life.

Orrville Ends Loudonville Win Streak

LOUDONVILLE — Orrville's combination ground and air attack proved too much for Loudonville here last night as the host Red Birds were handed their first defeat of the season, 21-6.

For Orrville, the victory kept alive a winning streak that has stretched over two seasons. The visitors built up a three touchdown lead before permitting Loudonville to score last in the fourth period.

The three B's, Bowman, Bracken and Buchanan were in on all the Orrville points. Bracken and Bowman went over the double stripe on six and one-yard runs while Buchanan kicked two extra points and Bracken one.

The third touchdown came on a terrific pass which Bracken tossed to End Hunter. Bracken, throwing from his own 44 hit Buchanan exactly 50 yards away from where he trotted over for the score.

Late in the fourth quarter, Loudonville held for downs on its own eleven yard line. Fullback Bill Porter broke loose from the 11 to the Orrville 27, then scored from the one after two first downs.

Citation Planning Lonesome Stroll

BALTIMORE — (AP) — They're going to crown Citation the horse racing king today at Pimlico and it will be one of the few occasions when there aren't any pretenders to the throne hanging around.

The figurative crowning will take place after the chestnut colt makes his lordly way around a mile and three-sixteenths of the track in the Pimlico Special.

Like a true king, Citation will walk alone. Not one of about a score of their eligibles for the special cared to dispute him.

Latest Rumor Concerns Gilman

By FRITZ HOWELL
(Ohio (AP) Sports Editor.

COLUMBUS—This and that from here and there!

Just a week ago we told you that Paul E. Brown will not return next year as coach of the Cleveland Browns.

This week's special is: "Sid Gilman, former Miami coach and now assistant to Earl Blaik at Army, is almost a cinch to be back next season as head coach of one of the mid-American conference universities."

The school is not Miami, and we can't name the institution just now because the coach who is in hasn't been notified he'll be out.

Down around Hamilton the controversy over the Big Blue being dumped from first to third place in the high school ratings is still raging. This column is the target of most of the protests, with letters and telegrams coming in regularly.

Among the most interesting today was a letter from Jack Iglehart of Hamilton with the intriguing offer: "Why don't you come here and see how real football is played? I'll do my best to get you a ticket to the Hamilton game that you would like to see."

Bobby Houser, signing himself as a "Hamilton Big Blue booster, "was a bit brief, but to the point. His telegram merely said "Boo!", in capital letters.

Mr. Houser, however, did not send his wire collect, as did some of the others

"Lay off, will you fellows? We just count those votes You don't jump on the election board, do you, when your favorite isn't elected,"

After writing sports for a quarter century, I thought our family was well-grounded in football and such.

But the awakening was rude last week as we came home from the thrilling 34-32 Ohio State victory over Wisconsin.

Mrs. Howell, after reading Mrs. Harry Stuhldreher's treatise on the trials and tribulations of a coach's wife, was sympathetic toward the cause of the Wisconsins. She listened to the game on the radio, and as we walked in the front door after writing our piece for the papers, she said:

"It was a lot closer than the score indicates, wasn't it?"
